Requirement 3: COVID-19 Guidelines **NEW FOR 2021**

As your local league considers returning to play, keep these resources in mind:

If all checked above, move on to the criteria below.

When all boxes are checked -

Play Ball!

More information and resources are available at LittleLeague.org/Coronavirus.

STAY SAFE ON AND OFF THE FIELD

Stay home if you are sick.

Bring your own equipment and gear (if possible)

Cover your coughs and sneezes with a tissue or your elbow.

Wash your hands or use sanitizer before and after events and sharing equipment.

Tell a coach or staff member if you don't feel well.

Background Checks

Requirement 4:

Little League International has established criteria for each chartered league's performance of an investigation into the background of all individuals who volunteer in any capacity. Each volunteer will be required to complete a volunteer application from and provide a copy of their government issued photo identification. The minimum requirement for these background investigations is verification that volunteers are not registered sex offenders. To provide additional protection to the children we will submit a list of all volunteers to JDP. A background investigation that will list any convictions nationwide will be completed. Upon clearance of individual background investigations all volunteers will be notified by The Board of Directors.

Little League® Volunteer Application – 2024

Do not use forms from past years. Use extra paper to complete if additional space is required.

This volunteer application should only be used if a league is manually entering information into JDP or an outside background check provider that meets the standards of Little League Regulations 1(c)9. THIS FORM SHOULD NOT BE COMPLETED IF A LEAGUE IS UTILIZING THE JDP QUICKAPP. Visit LittleLeague.org/LocalBGcheck for more information.

A COPY OF VALID GOVERNMENT ISSUED PHOTO IDENTIFICATION MUST BE ATTACHED TO COMPLETE THIS APPLICATION.

All RED fields are required.

Last Updated: 10/25/23

VOLUNTEER BACKGROUND CHECKS & SAFETY

Volunteer Background Checks & Safety

Little League® Baseball and Softball has always strived to create a safe and healthy environment for all Little Leaguers and their families.

In 2018, the "Protecting Young Victims from Sexual Abuse and SafeSport Authorization Act of 2017" became Federal law. The mission of the U.S. Center for SafeSport is to make the athlete well-being the centerpiece of our nation's sports culture. All athletes deserve to participate in sports free from bullying, hazing, sexual misconduct, or any form of emotional or physical abuse. Education and awareness are the most critical components to creating safe and respectful sporting environments, free of abuse and harassment. There are certain requirements from the SafeSport Act that Little League International and all local Little League programs must adhere to. To learn about SafeSport and how it impacts your league, visit LittleLeague.org/SafeSport.

As a condition of service to any Little League program, the following groups of individuals must submit a Little League Volunteer Application and complete an annual background screening prior to involvement in the league in any fashion:

- Board Members
- Managers and Coaches
- Umpires
- Any other volunteer or hired worker who provide regular service to the league and/or have repetitive access to, or contact with, players or teams

Any individual with a conviction, guilty plea, no contest plea, or admission of guilty to a crime against or involving a minor may not participate in the Little League program.

On average, leagues can estimate the number of background checks that should be completed by multiplying the total number of teams in the league by six. To assist leagues in completing this requirement, **Little League provides 125 free searches** through an agreement with J.D. Palantir (JDP). Additional searches are available for a nominal cost.

LLU Learn More About Background Checks:
LittleLeague.org/BackgroundCheckQuestions

Little League International has contracted with JDP Background Screening to provide local leagues and districts with a special web site that allows members to instantly search a criminal records database of more than 450 million criminal records. This site provides searches of available criminal records from various repository sources and state-level sex offender registries. The fee for the first 125 searches per chartered league and district is free to the local league and district as the cost for these searches is being provided by Little League International. Any additional searches above 125 will cost the league or district a minimal fee.

Little League International requires all leagues in the United States to conduct background checks that utilize JDP Background Screening, or another provider that is comparable to JDP in accessing background check records for sex offender registry data and criminal records. Leagues must include a review of the U.S. Center for SafeSport's Centralized Disciplinary Database and Little League International Ineligible List as part of the background check process (JDP includes this additional review as a part of the standard background check.) The JDP National Criminal File database that contains more than 450 million records, including criminal and sex offender registry records covering 50 states and the District of Columbia, and meets the current regulation requirement. Leagues are not required to use the JDP website, but may also use alternate resources. However the alternate resources must equal or exceed the services provided by JDP.

LLU For More Information on JDP and Background Check Process:
LittleLeague.org/LocalBGCheck

League Training Dates and Times

Requirement 5:	Date	Location	Time
Coach Fundamental Training:	January 28	8308 Hurlbut St	9:00am
	February 10	11220 Clairemont Mesa Blvd	2:45pm
	February 11	8308 Hurlbut St	9:30am

Requirement 6:	Date	Location	Time
Safety Manual & First-Aid Training:	January 28	8308 Hurlbut St	12:15pm
	February 10	11220 Clairemont Mesa Blvd	2:45pm
	February 11	8308 Hurlbut St	9:30am

Requirement 2: Each team will receive a paper copy of this safety manual. Managers and or Team Safety Officers should have a copy of the safety manual at all league functions.

Field Inspections and Storage Procedures

Requirement 7:

BEFORE THE SEASON STARTS

- ✓ Familiarize yourself with the safety materials.
- ✓ Appoint a Safety Parent for your team. They need to be at all the games and have a cellular phone. It can be an Assistant Coach.

PRIOR TO EACH GAME

- ✓ Complete a field safety checklist. Report any problems to your commissioner. Or to the League Safety Officer.
- ✓ Check the team equipment for any problems. Report any equipment problems to the Equipment Manager.
- ✓ Check the contents in your team's first aid kit. Contact the League Safety Officer for any items that need to be replaced.

STORAGE SHED

The following applies to the entire storage shed used by the League and applies to anyone who has been issued a key to use those sheds.

- ✓ All individuals are aware of their responsibility for the orderly and safe storage of rakes, shovels, and bases.
- ✓ Before you use any equipment located in the shed (lights, scoreboards, etc.) please read the written operating procedures for that equipment.
- ✓ All chemicals or organic materials stored in the sheds shall be properly marked and labeled as to its contents.
- ✓ Any witnessed "loose" chemicals or organic materials within these sheds should be cleaned up and disposed of as soon as possible to prevent accidental poisoning.

REPORT ANY PROBLEMS TO YOUR COMMISSINER OR SAFETY OFFICER.

Turn this form into the concession stand or to your division Rep.

Requirement 8:

Annual Little League Facility Survey will be submitted in the Data Center.

Concession Stand Guidelines

Requirement 9:

Every worker must be instructed on these guidelines before they can work.

Wash your hands regularly:

- Use soap and warm water.
- Rub your hands vigorously as you wash them.
- Wash all surfaces including the backs of hands wrists, between fingers and under fingernails.
- Rinse hands well.
- Dry hands well.
- Dry hands with paper towels.
- Turn off water using paper towel, instead of your bare hands.

Wash your hands in this fashion before you begin work and especially after performing any of these activities:

- After touching bare human body parts other than clean hands and clean exposed portions of arms.
- After using restrooms.
- After caring for or handling animals.
- After coughing, sneezing, using a handkerchief or disposable tissue.
- After touching soiled surfaces.
- After drinking, using tobacco, or eating.
- During food preparation.
- When switching from raw to ready to eat foods.
- After engaging in activities that contaminate hands.

Basic Rules:

1. Menu... smaller is better. No salads cut up fruit or vegetables, no food prepared at home.
2. Cook food thoroughly. Use a meat thermometer. Keep hotdogs and burgers at 41 degrees when cold and cook to 155 degrees or above when hot.
3. Rapidly reheat foods to 165 degrees. Slow cooking devices may activate bacteria and never reach killing temperatures.
4. All foods that require refrigeration must be cooled to 41 degrees F. as quickly as possible and held there until ready to use. To cool foods quickly, use the ice water bath (60% ice and 40% water), stirring the product frequently, or place their food in shallow pans no more than 4 inches in depth and refrigerate. Pans should not be stored one a top of the other and lids should be off or afar until the food is completely cooled. Check the temperature periodically to see if the food is cooling properly. **DO NOT LEAVE FOOD OUT AT ALL!!**

5. FREQUENT AND THOROUGH HANDWASHING IS REQUIRED.
6. Only healthy people should prepare and serve food. Anyone with any symptoms of disease (cramps, nausea, fever, vomiting, diarrhea, cough etc.) or who has open sores or infected cuts on the hands should not be allowed in the food concession area. Workers' clothes should be clean, and they should not smoke in the concession area. Hair restraints are recommended.
7. Food handling: Avoid hand contact with raw food, ready-to-eat foods, and food contact surfaces. Use a utensil and/or glove.
8. Use disposable utensils for food service. Keep your hands away from food contact surfaces and never reuse disposable dishware. Ideally utensils should be washed in a four-step method: (1) Hot soapy water, (2) Rinsing in clean water, (3) Chemical or heat sanitizing, (4) Air drying.
9. Ice that is used to cool cans/bottles should not be used in cup beverages. And should be stored separately. Use scoop to dispense ice, never use hands.
10. Wiping cloths should be rinsed and stored in a bucket sanitizer. (1-gallon water and ½ tsp. chlorine bleach. Change the solution every 2 hours.
11. Insect control and waste. Keep food covered to protect it from insects. Store pesticides away from food. Place garbage and paper waste in a refuse container with a lid that fits tightly. Dispose of all water in the restrooms, do not pour outside. All water that is used should be potable from an approved source.
12. Keep food stored off the floor at least 6 inches. After your event is finished, clean the concession area and discard any unusable food. Do not save food for reheating.

THE TOP SIX CAUSES FOR ILLNESS

1. Inadequate cooling and cold holding.
2. Preparing food too far in advance of service.
3. Poor personal hygiene and infected personnel.
4. Inadequate reheating.
5. Inadequate hot holding.
6. Contaminated raw foods and ingredients.

Concession Stand Tips

SAFETY FIRST

Requirement 9

12 Steps to Safe and Sanitary

Food Service Events: The following information is intended to help you run a

healthful concession stand. Following these simple

guidelines will help minimize the risk of foodborne illness.

This information was provided by District Administrator

George Glick, and is excerpted from "Food Safety Hints" by the Fort Wayne-Alton County, Ind., Department of Health.

1. **Menu.** Keep your menu simple, and keep potentially hazardous foods (meat, eggs, dairy products, protein salads, cut fruits and vegetables, etc.) to a minimum. Avoid using precooked foods or ingredients. Use only foods from approved sources, avoiding foods that have been prepared at home. Complete control over your food, from source to service, is the key to safe, sanitary food service.

2. **Cooking.** Use a food thermometer to check on cooking and holding temperatures of potentially hazardous foods. All potentially hazardous foods should be kept at 41° F or below (if cold) or 165° F or above (if hot). Ground beef and ground pork products should be cooked to an internal temperature of 157° F. Poultry parts should be cooked from temporary events can be cooled back to temperatures in temperate control.

3. **Reheating.** Rapidly reheat potentially hazardous foods to 165° F. Do not attempt to heat foods in crock pots, steam tables, over steam units or other heating devices.

Slow-cooking mechanisms may activate bacteria and never reach killing temperatures.

4. **Cooling and Cold Storage.** Foods that require refrigeration must be cooled to 41° F as quickly as possible and held at that temperature until ready to serve. To cool foods down quickly, use an ice water bath (50% ice to 40% water), stirring the product frequently, or place the food in shallow pans no more than 4 inches in depth and refrigerate. Pans should not be stored one atop the other and lids should be off or clear until the food is completely cooled. Check temperature periodically to see if the food is cooling properly. Allowance hazardous foods to remain unrefrigerated for too long has been the number ONE cause of foodborne illness.

5. **Hand Washing.** Frequent and thorough hand washing remains the first line of defense in preventing foodborne disease. The use of disposable gloves can provide an additional barrier to contamination, but they are no substitute for hand washing!

6. **Health and Hygiene.** Only healthy workers should prepare and serve food. Anyone who shows symptoms of disease (cough, sneeze, fever, vomiting, diarrhea, jaundice, etc.) or who has open sores or infected cuts on the hands, should not be allowed in the food concession area. Workers should wear clean cover garments and should not smoke in the concession area. The use of hair restraints is recommended to prevent hair ending up in food products.

7. **Food Handling.** Avoid hand contact with raw, ready-to-eat foods and food contact surfaces. Use an acceptable dispensing method

to serve food. Touching food with bare hands can transfer germs to food.

8. **Dishwashing.** The disposable utensils for food service. Keep your hands away from food contact surfaces, and never reuse disposable dishware. Wash in a four-step process: 1. Washing in hot soapy water, 2. Rinsing in clean water, 3. Chemical or heat sanitizing, and 4. Air drying.

9. **Ice.** Ice used to cool cans/bottles should not be used in cup beverages and should be stored separately. Use a scoop to dispense ice, never use the hands. Ice can become contaminated with bacteria and viruses and cause foodborne illness.

10. **Wiping Cloths.** Rinse and store your wiping cloths in a bucket of sanitizer (one quart 1 gallon of water and 1/2 teaspoon of chlorine bleach). Change the solution every two hours. Wet sanitized wiping surfaces prevent cross-contamination and discourage flies.

11. **Insect Control and Waste.** Keep foods covered to protect them from insects. Store pesticides away from food. Place garbage and paper waste in a refuse container with a tight-fitting lid. Dispose of wastewater in an approved method (do not dump it outside). All water used should be potable water from an approved source.

12. **Food Storage and Cleanliness.** Keep foods covered or off the floor at least six inches. After your event is finished, clean the concession area and discard unusable food.

13. **Use a Minimum Worker Age.** League should set a minimum age for workers or be in the stand, in many states this is 16 or 18, due to potential hazards with various equipment.

14. **Single gloves must be premoistened to have them stay on.**

Volunteers Must Wash Hands

HOW

WHEN

Wash your hands before you prepare food or as often as needed.

Wash after you:

- use the toilet
- touch uncooked meat, poultry, fish or eggs or other potentially hazardous foods
- interrupt working with food (such as answering the phone, opening a door or drawer)
- eat, smoke or chew gum
- touch soiled plates, utensils or equipment
- take out trash
- touch your nose, mouth, or any part of your body
- sneeze or cough

Do not touch ready-to-eat foods with your bare hands.

Use gloves, tongs, deli tissue or other serving utensils. Remove all jewelry, nail polish or false nails unless you wear gloves.

Wear gloves.

when you have a cut or sore on your hand when you can't remove your jewelry

If you wear gloves:

- wash your hands before you put on new gloves
- often as you wash your hands
- when they are torn or soiled

Change them:

- when they are torn or soiled

Developed by (Miss) Extension Nutrition Education Program with support from U.S. Food & Drug Administration in conjunction with the Department of Food Safety & Inspection Service. Extension programs are available to all eligible persons. Contact your local Extension office for more information on programs and employment.

Inspection of Equipment

Requirement 10:

- This Little League requires regular inspection of playing equipment.
- Unsafe equipment should not be given in team equipment bags.
- Manager's Coaches and Umpires are required to inspect equipment prior to each use.
- Bad equipment will be logged and will be removed and destroyed.

Accident Reporting Procedure

Requirement 11:

What to Report: An incident that causes a Payer, Manager, Coach or Umpire to receive medical treatment or first aid must be reported to The Safety Officer.

When to Report: All such incidents described above must be reported to The Safety Officer within 24 to 48 hours of the incident.

The Safety Officer is

NAME: Paul Stergos
Cell Number: 314-704-0624
Email: safety@murphycanyonlittleleague.com

How to Make a Report: Reporting incidents can come in a variety of forms. Most typically they are telephone conversations. At a minimum, the following information is needed.

1. The name and address of the injured person.
2. The date, time, and location of the incident.
3. A completely detailed description of the incident as possible.
4. The preliminary estimation of the extent of the injury.
5. The name and phone number of the person making the report.
6. Names and phone numbers of any witnesses.

In your safety packet you will find the injury report forms. If your Safety Parent is there, he/she can assist you in getting the front of the form filled out. Then a call is to be made to The Safety Officer reporting the incident within 48 hours. Little League insurance is a supplemental insurance to the insured's own insurance. There is a small deductible.

How to Replace the Injury Report Forms: The forms can be replaced by The Safety Officer or downloaded from www.leagueleague.org found under forms and publications.

FIRST AID KITS

Requirement 12:

Each team is provided with a league issued first aid kit. Each kit includes the following.

- (10) Adhesive sterile bandage
- (2) Extra-large adhesive sterile bandage
- (2) Non-adherent pads 2 x 3
- (2) Gauze pad 12-ply 3 x 3 sterile
- (1) Adhesive tape
- (2) Instant cold compress 4 x 4
- (3) Triple antibiotic ointment
- (3) Antiseptic towelette
- 1/8 oz. Burn Cream
- (3) Sting relief wipes
- (1) Tweezers

Communicable Disease Procedures

1. Bleeding must be stopped, the open wound covered, and the uniform changed if there is blood on it before the athlete may continue.
2. Routinely use gloves to prevent mucous membrane exposure when contact with blood or other body fluids is anticipated (Provided in the first aid kit).
3. Immediately wash hands and other skin surfaces if contaminated with blood.
4. Clean all blood contaminated surfaces and equipment.
5. Managers, Coaches, and Volunteers with open wounds should refrain from all direct contact until the condition is resolved.
6. Follow accepted guidelines in the immediate control of bleeding and disposal when handling bloody dressings, mouth guards and other articles containing body fluids.

Enforcement of Little League Rules

Requirement 13:

- All volunteers must have a volunteer application filled out and on file with the League. Our league will provide annual background checks.
- No laminated bat shall be used... (rule 1.10)
- The traditional batting donut is not permissible... (rule 1.10)
- A pitcher shall not wear any items on his/her hands, wrists or arms which may be a distraction to the batter. White long sleeve shirts are not permitted... (rule 1.11)
- Pitcher shall not wear sweat bands on his/her wrists... (rule 1.15)
- Players must not wear jewelry... (rule 1.11)
- Catcher must wear a catcher's mitt... (rule 1.12)

- All batters must wear protective batting helmets, all helmets must bear the NOCAE stamp, No painting, or stickers on helmets... (rule 1.16)
- All male players must wear athletic supporters. Male catchers must wear the metal, fiber, or plastic type protective cup.
- A catcher's helmet must have the dangling type of throat protector and catcher's helmet during infield/outfield practice, pitcher warm-up and games.
- Skull caps are not permitted... (rule 1.17)
- Each team is allowed three coaches in the dugout...
- Coaches are encouraged to discourage "horseplay"
- No on deck batters are allowed in the Majors and below... (rule 1.08)

Don't Swing It
...Until You're Up to the Plate!

(Photos from North Scott, Iowa, Little League)

Don't let this happen to you, or to a teammate.

REMEMBER:
Don't pick up your bat until you leave the dugout, to approach the plate.

RULE 1.08, Notes
1. The on-deck position is not permitted in Tee Ball, Minor League or Little League (Majors) Division. 2. Only the first batter of each half-inning will be allowed outside the dugout between the half-innings in Tee Ball, Minor League or Little League (Majors) Division.

Coach, Please Let Players Catch!

REMEMBER:
Coaches and managers must not warm up pitchers. Let Players Catch.

RULE 3.09
...Managers or coaches must not warm up a pitcher at home plate or in the bull pen or elsewhere at any time. They may, however, stand to observe a pitcher during warm-up in the bull pen.

HAVE YOU:

- ✓ Walked field for debris/foreign objects
- ✓ Inspected helmets, bats, catchers' gear
- ✓ Made sure a First Aid kit is available
- ✓ Checked conditions of fences, backstops, bases and warning track
- ✓ Made sure a working telephone is available
- ✓ Held a warm-up drill

Make Sure They Are Safe!

REMEMBER:
Catchers must wear helmets during warm-ups and infield/outfield practice.

RULE 1.17
...All catchers must wear a mask, 'dangling' type throat protector and catcher's helmet during infield/outfield practice, pitcher warm-up and games.

Lighting and Weather

Consider the following facts:

- The average lightning stroke is 6-8 miles long.
- The average thunderstorm is 6-10 miles wide and travels about 25 miles an hour.
- On average, thunder can only be heard over 3-4 miles, depending on humidity, terrain, and other factors. This means that by the time you hear the thunder, you are already in the risk area for lightning strikes.

Rule of Thumb: The ultimate truth about lightning is that it is unpredictable and cannot be prevented. Therefore, a manager or coach who feels threatened should contact the head umpire and recommend stopping play and clearing the field. In our league the umpire makes the decision as to whether play is stopped. Once play is stopped, take the kids to safety until play resumes or the game is called.

Where to Go? No place is safe from lightning threat, but some places are safer than others. Constructed buildings are usually the safest. Most people will find shelter in a fully enclosed metal vehicle with the windows rolled up. If you are stranded in an open area, put your feet together, crouch down and put your hands over your ears to prevent eardrum damage.

Where not to go? Avoid high places and open fields, isolated trees, unprotected gazebos, rain or picnic shelters, dugouts, flagpoles, light poles, bleachers, metal fences and water.

First Aid for a Lightning Victim:

- Call 911 immediately.
- Typically, the lightning victim has similar symptoms as that of someone having a heart attack. Consider: will moving cause more injury. If the victim is in a high-risk area, determine if movement is necessary. Lightning does strike twice in the same place. If you are not at risk, and moving is a viable option, you should move the victim.
- If the victim is not breathing, start mouth to mouth resuscitation. If it is decided to move the victim, give a few quick breaths prior to moving the victim.
- Determine if the victim has a pulse. If no pulse is detected, start cardiac compressions as well.

NOTE: CPR should only be administered by a person knowledgeable and trained in the technique.

Remember: Safety is everyone's job. Prevention is the key to reducing accidents to a minimum. Report all hazardous conditions to the Safety Officer or another Board Member immediately. Do not play on an unsafe field or with unsafe equipment. Check the teams' equipment prior to each use.

Hydration

*Managers are required to bring water to each practice and game.
Players are encouraged to bring bottled water or sports drinks.*

Tips to Prevent Heat Illness:

- Know that once you are thirsty you are already dehydrated.
- Drink before you become thirsty.
- Drink plenty of liquids like water, or sports drinks every 15 minutes.
- Water seems to be the preferred beverage. Water has many critical functions in the body that are important for performance. They include carrying oxygen and nutrients to exercising muscles.
- Do not drink beverages with caffeine before practice or games. Caffeine can increase the rate of dehydration.
- Do not exercise vigorously during the hottest time of the day.
- Practice in the morning and during the latter part of the evening.
- Wear light color loose cloths.
- Use sunscreen to prevent sunburn.
- If you begin to feel faint or dizzy stop your activity and cool off by sitting in the shade, air-conditioned car or using a wet rag to cool you off.

How is it treated?

Emergency medical treatment is necessary. If you think someone has heatstroke, call 911 or a doctor immediately. In the meantime, give first aid as follows:

- Move the person to a shady area.
- Cover the person with a wet sheet and keep the sheet wet for cooling from evaporation.
- Fan the person with paper or an electric fan (preferably not cold air).
- Sponge down the body, especially the head, with cool water.
- Continue giving first aid until the body feels cool to the touch.
- If the person is conscious, let them sip water, fruit juice, or a soft drink.

Submitting Player, Manager and Coach Data

Requirement 14:

Player, Manager, and Coach information will be submitted through the Little League Data Center at www.littleleague.org by March 1, 2024.

Requirement 15:

We will answer the survey questions in the Little League Data Center.

Concussions

Please update this section to reflect your state laws and or league policies

All 50 states have laws specific to the management of concussions and head injuries. Some states require not just leagues but DA's, ADAs, and umpires to undergo annual training.

- Some states may affect only school-based activities, but many also address any group using school facilities or grounds for athletic purposes.
- Little League has developed a concussion overview page for each state that will be like the Child Abuse page.
- The CDC (Centers for Disease Control and Prevention) website is a great tool for leagues to encourage their managers/coaches, parents, and players to review concussion information • www.cdc.gov/concussion/HeadsUp/youth.html Concussions
- DA's must also be aware of their state's respective laws, especially during any Special Games events or International Tournament games being hosted by the district.
- Failure to adhere to these laws could expose the district and/or host to unwanted liability and penalties • Some states require that the participant and a parent/guardian must sign and acknowledge that they understand the risks of concussions before they can participate
- The majority of states also require immediate removal from competition if a person has sustained a concussion and that they cannot return until being released in writing by a medical professional.

CONCUSSION Information Sheet **HEADS UP CONCUSSION**

This sheet has information to help protect your children or teens from concussion or other serious brain injury. Use this information at your children's or teens' games and practices to learn how to spot a concussion and what to do if a concussion occurs.

What is a Concussion?
A concussion is a type of traumatic brain injury—or TBII—caused by a bump, blow, or jolt to the head or by a hit to the body that causes the head and brain to move quickly back and forth. This fast movement can cause the brain to bounce around or twist in the skull, creating chemical changes in the brain and sometimes stretching and damaging the brain cells.

How Can I Help Keep My Children or Teens Safe?
Sports are a great way for children and teens to stay healthy and can help them do well in school. To help lower your children's or teens' chances of getting a concussion or other serious brain injury, do these things:
• Help create a culture of safety for the team.
• Work with their coach to teach ways to lower the chances of getting a concussion.
• Talk with your children or teens about concussion and ask if they have concerns about reporting a concussion. Talk with them about their concerns, emphasize the importance of reporting concussions and taking time to recover from one.
• Encourage them to follow their coach's rules for safety and the rules of the sport.
• Tell your children or teens that you expect them to practice good sportsmanship at all times.
• When appropriate for the sport or activity, teach your children or teens that they must wear a helmet to lower the chance of the most serious types of brain or head injury. However, there is no "concussion proof" helmet. So, even with a helmet, it is important for children and teens to avoid hits to the head.

Talk with your children and teens about concussion. Tell them to report their concussion symptoms to you and their coach right away. Some children and teens think concussions aren't serious or worry that if they report a concussion they will lose their position on the team or look weak. Be sure to remind them that it's better to miss one game than the whole season.

To learn more, go to www.cdc.gov/HEADSUP

CONCUSSIONS affect each child and teen differently. While most children and teens with a concussion feel better within a couple of weeks, some will have symptoms for months or longer. Talk with your children's or teens' health care provider if their concussion symptoms do not go away or if they get worse after they return to their regular activities.

What Are Some More Serious Danger Signs to Look Out For?
In rare cases, a dangerous collection of blood (hematoma) may form on the brain after a bump, blow, or jolt to the head or body and can squeeze the brain against the skull. Call 9-1-1 or take your child or teen to the emergency department right away if, after a bump, blow, or jolt to the head or body, he or she has one or more of these danger signs:
• One pupil larger than the other.
• Drowsiness or inability to wake up.
• A headache that gets worse and does not go away.
• Slurred speech, weakness, numbness, or decreased coordination.
• Repeated vomiting or nausea, convulsions or seizures (shaking or twitching).
• Unusual behavior, increased confusion, restlessness, or agitation.
• Loss of consciousness (passed out/unconscious). Even a brief loss of consciousness should be taken seriously.

What Should I Do if My Child or Teen Has a Possible Concussion?
As a parent, if you think your child or teen may have a concussion, you should:
1. Remove your child or teen from play.
2. Keep your child or teen out of play the day of the injury. Your child or teen should be seen by a health care provider and only return to play with permission from a health care provider who is experienced in evaluating for concussion.
3. Ask your child's or teen's health care provider for written instructions on helping your child or teen return to school. You can give the instructions to your child's or teen's school nurse and teachers and return to play instructions to the coach and/or athletic trainer.
Do not try to judge the severity of the injury yourself! Only a health care provider should assess a child or teen for a possible concussion. Concussion signs and symptoms often show up soon after the injury, but you may not know how serious the concussion is at first, and some symptoms may not show up for hours or days. The brain needs time to heal after a concussion. A child's or teen's return to school and sports should be a gradual process that is carefully managed and monitored by a health care provider.

Children and teens who continue to play while having concussion symptoms or who return to play too soon—while the brain is still healing—have a greater chance of getting another concussion. A repeat concussion that occurs while the brain is still healing from the first injury can be very serious and can affect a child or teen for a lifetime. It can even be fatal.

Discuss the risks of concussion and other serious brain injury with your child or teen and have each person sign below. Detach the section below and keep this information sheet to use at your children's or teens' games and practices to help protect them from concussion or other serious brain injury.

I learned about concussion and talked with my parent or coach about what to do if I have a concussion or other serious brain injury.

Murphy Canyon Little League Concussion Prevention, Treatment and Management Policy

The Legislature enacted a law which requires youth sports organizations to adopt a policy concerning the prevention and treatment of injuries to the head which may occur during a youth's participation in competitive sports, including, without limitation, a concussion of the brain.

A concussion is a brain injury that results from a bump, blow or jolt to the head or body which causes the brain to move rapidly in the skull and which disrupts normal brain function. The Centers for Disease Control and Prevention of the United States Department of Health and Human Services estimates that as many as 3.8 million concussions occur each year in the United States which are related to participation in sports and other recreational activities. Athletes who continue to participate in an athletic activity while suffering from a concussion or suffering from the symptoms of an injury to the head are at greater risk for catastrophic injury to the brain or even death. Ensuring that a Little League player who sustains or is suspected of sustaining a concussion or other injury to the head receives appropriate medical care before returning to baseball activity will significantly reduce the child's risk of sustaining greater injury in the future.

THEREFORE, Murphy Canyon Little League hereby adopts the following policy for purposes of prevention, treatment, and management of injuries to the head that may occur during a player's participation in the Little League program, including, without limitation, a concussion of the brain:

1. Prior to a team's first practice each season, every manager, coach, and adult assistant shall:

a) Familiarize themselves with the CDC publication "Heads Up – Concussion in Youth Sports – A Fact Sheet for Coaches". This publication will be provided to all such individuals by the League Safety Officer or other Board members; and,

b) Complete the CDC on-line training course at:

<https://www.train.org/cdctrain/course/1089818/>

A copy of the Certificate of Completion for each of the above individuals shall be submitted to the League Safety Officer.

2. If a Little League player sustains, or is suspected of sustaining, an injury to the head while participating in any Little League game or even the player must:

a. Be immediately removed from the game or event; and

b. May only return to Little League activity if the parent or legal guardian of the player provides a signed statement from a provider of health care indicating that the youth is medically cleared for Little League participation and the date on which the player may return to participation.

3. The Little League player and his or her parent or legal guardian must sign the statement below acknowledging that they have read and understand the terms and conditions of the policy and agree to be bound by the policy.

Murphy Canyon Little League Concussion Prevention, Management and Treatment Policy Player and Parental Acknowledgement

We, the undersigned, acknowledge that we have been provided with a copy of the Murphy Canyon Little League Concussion Prevention, Management and Treatment Policy, and that we have read and understand the policy, or it has been read to us and we understand the same. We hereby agree to follow all procedures set forth in said Policy at all times during which our son or daughter participates in Little League activities and events.

Safe Sports Act

- “Protecting Young Victims from Sexual Abuse and SafeSport Authorization Act of 2017” became federal law in 2018
- The goal of SafeSport is to protect children from abusive situations by engaging more people in the reporting and education processes
- A volunteer now can be held legally responsible if they have firsthand knowledge and fail to report any type of Child Abuse to the correct parties
- SafeSport covers all types of Child Abuse both physical and psychological
- SafeSport prompted USA Baseball to create Pure Baseball

USA Baseball Pure Baseball Initiative

- Little League International and all local little league programs must adhere to the following requirements from the SafeSport Act:
- Reporting of Abuse involving a minor to the proper authorities
- All volunteers of a local league are now mandated reporters and could face criminal charges if the league chooses to ignore, or not report to the proper authorities, any witnessed act of child abuse, including sexual abuse, within 24 hours.
- Local leagues must be aware of the proper procedures to report any type of abuse in their state. Please reference www.LittleLeague.org/ChildAbuse
- Leagues must adopt a policy that prohibits retaliation for “good faith” reports of child abuse.
- Leagues must adopt a policy that limits one-one-one contact with minors.
- Leagues are highly encouraged to complete the Abuse Awareness training provided by USA Baseball and/or SafeSport.

Accident Notification Form Page 1 (Parent/Guardian Statement)

LITTLE LEAGUE[®] BASEBALL AND SOFTBALL ACCIDENT NOTIFICATION FORM INSTRUCTIONS

Send Completed Form To:
Little League, International
539 US Route 15 Hwy, PO Box 3485
Williamsport PA 17701-0485
Accident Claim Contact Numbers:
Phone: 570-327-1674

Accident & Health (U.S.)

- This form must be completed by parents (if claimant is under 19 years of age) and a league official and forwarded to Little League Headquarters within 20 days after the accident. A photocopy of this form should be made and kept by the claimant/parent. Initial medical/dental treatment must be rendered within 30 days of the Little League accident.
- Itemized bills including description of service, date of service, procedure and diagnosis codes for medical services/supplies and/or other documentation related to claim for benefits are to be provided within 90 days after the accident date. In no event shall such proof be furnished later than 12 months from the date the medical expense was incurred.
- When other insurance is present, parents or claimant must forward copies of the Explanation of Benefits or Notice/Letter of Denial for each charge directly to Little League Headquarters, even if the charges do not exceed the deductible of the primary insurance program.
- Policy provides benefits for eligible medical expenses incurred within 52 weeks of the accident, subject to Excess Coverage and Exclusion provisions of the plan.
- Limited** deferred medical/dental benefits may be available for necessary treatment incurred after 52 weeks. Refer to insurance brochure provided to the league president, or contact Little League Headquarters within the year of injury.
- Accident Claim Form must be fully completed - including Social Security Number (SSN) - for processing.

League Name		League I.D.	
Name of Injured Person/Claimant		SSN	DATE OF BIRTH (MM/DD/YY)
Name of Parent/Guardian, if Claimant is a Minor		Age	Sex <input type="checkbox"/> Female <input type="checkbox"/> Male

Does your league use batting helmets with attached face guards? YES NO
If YES, are they Mandatory or Optional At what levels are they used?

I hereby certify that the above named claimant was injured while covered by the Little League Baseball Accident Insurance Policy at the time of the reported accident. I also certify that the information contained in the Claimant's Notification is true and correct as stated, to the best of my knowledge.

Date	League Official Signature
------	---------------------------

D-33 Parent Code of Conduct

The essential elements of character building and ethics in sports are embodied in the concept of sportsmanship and six core principles: trustworthiness, respect, responsibility, fairness, caring, and good citizenship. The highest potential of sports is achieved when competition reflects these "six pillars of character."

I therefore agree:

1. I will not force my child to participate in sports.
2. I will remember that children participate to have fun and that the game is for youth, not adults.
3. I will inform the coach of any physical disability or ailment that may affect the safety of my child or the safety of others.
4. I will learn the rules of the game and the policies of the league.
5. I (and my guests) will be a positive role model for my child and encourage sportsmanship by showing respect and courtesy, and by demonstrating positive support for all players, coaches, officials and spectators at every game, practice or other sporting event.
6. I (and my guests) will not engage in any kind of unsportsmanlike conduct with any official, coach, player, or parent such as booing and taunting; refusing to shake hands; or using profane language or gestures.
7. I will not encourage any behaviors or practices that would endanger the health and wellbeing of the athletes.
8. I will teach my child to play by the rules and to resolve conflicts without resorting to hostility or violence.
9. I will demand that my child treat other players, coaches, officials and spectators with respect regardless of race, creed, color, sex or ability.
10. I will teach my child that doing one's best is more important than winning, so that my child will never feel defeated by the outcome of a game or his/her performance.
11. I will praise my child for competing fairly and trying hard, and make my child feel like a winner every time.
12. I will never ridicule or yell at my child or other participant for making a mistake or losing a competition.
13. I will emphasize skill development and practices and how they benefit my child over winning. I will also deemphasize games and competition in the lower age groups.
14. I will promote the emotional and physical well-being of the athletes ahead of any personal desire I may have for my child to win.
15. I will respect the officials and their authority during games and will never question, discuss, or confront coaches at the game field, and will take time to speak with coaches at an agreed upon time and place.
16. I will demand a sports environment for my child that is free from drugs, tobacco, vaping products and alcohol and I will refrain from their use at all sports events.
17. I will refrain from coaching my child or other players during games and practices, unless I am one of the official coaches of the team.

I also agree that if I fail to abide by the aforementioned rules and guidelines, I will be subject to disciplinary action that could include, but is not limited to the following:

- Verbal warning by league official, manager/coach, and/or board member of league.
- Written warning
- Parental game suspension with written documentation of incident kept on file by league involved
- Parental season suspension

ATHLETE/PARENT/GUARDIAN SUDDEN CARDIAC ARREST WARNING SIGNS Information Sheet – Acknowledgement of Receipt and Review

What is Sudden Cardiac Arrest (SCA)?

Sudden Cardiac Arrest is when the heart stops beating, suddenly and unexpectedly. When this happens, blood stops flowing to the brain and other vital organs. SCA doesn't just happen to adults; it takes the lives of young people, too. However, the causes of sudden cardiac arrest in youth and adults can be different. A youth athlete's SCA will likely result from an inherited condition, while an adult's SCA may be caused by either inherited or lifestyle issues. **SCA is not a heart attack.** A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops blood flow to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is Sudden Cardiac Arrest in the United States?

SCA is the #1 cause of death for adults in this country. There are about 300,000 cardiac arrests outside hospitals each year. About 2,000 people under 25 die of SCA each year. Sudden cardiac arrest is the #1 cause of death for student athletes and the leading cause of death on school campuses.

Are there warning signs?

Although SCA happens unexpectedly, some people may experience symptoms, such as:

- Fainting or seizures during exercise Unexplained shortness of breath
- Dizziness Extreme fatigue
- Chest pains Racing heart

These symptoms can be unclear in athletes, since people often confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

What are the risks of practicing or playing after experiencing these symptoms?

There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who experience SCA die from it.

California AB 379, signed into law in 2019, is intended to keep youth athletes safe while practicing or playing.

- All athletes and their parent or guardians must read and sign this form. It must be returned to the league before participation in any athletic activity. A new form must be signed and returned each year.
- The immediate removal of any youth athlete who passes out or faints while participating in an athletic activity, or who exhibits any of the following symptoms;
Fainting or seizures during exercise Unexplained shortness of breath
Dizziness Extreme fatigue
Chest pains Racing heart
- Establish a policy that a youth athlete who has been removed from play shall not return to the practice or competition during which the youth athlete experienced symptoms consistent with sudden cardiac arrest.

- Before returning to practice or play in an athletic activity, the athlete must be evaluated by a California licensed health care provider. Clearance to full or graduated return to practice or play must be in writing.

I have reviewed and understand the symptoms and warning signs of Sudden Cardiac Arrest.

Concussions

MURPHY CANYON LITTLE LEAGUE

CONCUSSION INFORMATION SHEET FOR PARENTS AND PLAYERS

WHAT IS A CONCUSSION?

A concussion is a brain injury. Concussions are caused by a bump or blow to the head. Even a "ding", "getting your bell rung", or what seems to be a mild bump or blow to the head can be serious. You can't see a concussion. Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If your child reports any symptoms of concussion, or if you notice the signs listed below yourself, seek medical attention right away.

WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?

If your child has experienced a bump or blow to the head during a game or practice, look for any of the following signs and symptoms of a concussion. The individual may report symptoms, you observe signs:

- Appears dazed or stunned
- Forgets an instruction
- Moves clumsily
- Loses consciousness (even briefly)
- Nausea or vomiting
- Double or blurry vision
- Sensitivity to noise
- Concentration or memory problems
- Does not "feel right"
- Can't recall events prior to or after hit or fall
- Is confused about assignment or position
- Is unsure of game, score, or opponent
- Answers questions slowly
- Headache or "pressure" in head
- Balance problems or dizziness
- Sensitivity to light
- Feeling sluggish, hazy, foggy, or groggy
- Confusion
- Shows behavior or personality changes

HOW CAN YOU HELP YOUR CHILD PREVENT A CONCUSSION?

- Every sport is different, but there are steps your children can take to protect themselves from concussion.

- Ensure that they follow their Manager's rules for safety and the rules of the sport.
- Encourage them to practice good sportsmanship at all times. Make sure they wear the right protective equipment for their activity (such as batting helmets, catcher's gear such as shin guards, chest protector and helmet; and eye and mouth guards). Protective equipment should fit properly, be well maintained, be worn consistently and correctly.
- Learn the signs and symptoms of a concussion.

WHAT SHOULD YOU DO IF YOU THINK YOUR CHILD HAS A CONCUSSION?

- Seek medical attention right away. A health care professional will be able to decide how serious the concussion is and when it is safe for your child to return to sports.
- Keep your child out of play. Concussions take time to heal. Don't let your child return to play until a health care professional says it's OK. Children who return to play too soon-while the brain is still healing- risk a greater chance of having a second concussion. Second or later concussions can be very serious. They can cause permanent damage, affecting your child for a lifetime.
- Tell your child's manager about any recent concussion. Managers should be informed if your child had a recent concussion in ANY sport. Your child's manager may not know about a concussion your child received in another sport or activity unless you tell him or her.

WHAT IS THE PROCEDURE FOR A SUSPECTED CONCUSSION?

- Any athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from the activity at that time and for the remainder of the day.
- Any athlete who has been removed from activity may not return to play or practice until the athlete is evaluated by a licensed health care provider trained in the evaluation and management of concussion and has received a written clearance to return to play from the health care provider.

LET YOUR CHILD'S MANAGER KNOW RIGHT AWAY IF YOU SUSPECT YOUR CHILD HAS A CONCUSSION AND CONSULT YOUR PHYSICIAN!
