Background Checks

Requirement 4:

Little League International has established criteria for each chartered league's performance of an investigation into the background of all individuals who volunteer in any capacity. Each volunteer will be required to complete a volunteer application form and provide a copy of their government issued photo identification. The minimum requirement for these background investigations is verification that volunteers are not registered sex offenders. To provide additional protection to the children we will submit a list of all volunteers to JDP. A background investigation that will list any convictions nationwide will be completed. Upon clearance of individual background investigations all volunteers will be notified by The Board of Directors.

Little League® Volunteer Application – 2022

Do not use forms from past years. Use extra paper to complete if additional space is required.

This volunteer application should only be used if a league is manually entering information into JDP or an outside background check provider that meets the standards of Little League Regulations 1(c)(9). THIS FORM SHOULD NOT BE COMPLETED IF A LEAGUE IS UTILIZING THE JDP QUICKAPP. Visit LittleLeague.org/localBGcheck for more information.

A COPY OF VALID GOVERNMENT ISSUED PHOTO IDENTIFICATION MUST BE ATTACHED TO COMPLETE THIS APPLICATION.

All RED fields are required.

Volunteer Background Checks & Safety

Little League® Baseball and Softball has always strived to create a safe and healthy environment for all Little Leaguers and their families.

In 2018, the "Protecting Young Victims from Sexual Abuse and SafeSport Authorization Act of 2017" became Federal law. The mission of the U.S. Center for SafeSport is to make the athlete well-being the centerpiece of our nation's sports culture. All athletes deserve to participate in sports free from bullying, hazing, sexual misconduct, or any form of emotional or physical abuse. Education and awareness are the most critical components to creating safe and respectful sporting environments, free of abuse and harassment. There are certain requirements from the SafeSport Act that Little League International and all local little league programs must adhere to. To learn about SafeSport and how it impacts your league, visit LittleLeague.org/SafeSport.

As a condition of service to any Little League program, the following groups of individuals must submit a Little League Volunteer Application and complete an annual background screening prior to involvement in the league in any fashion:

- Board Members
- Managers and Coaches
- Umpires
- Any other volunteer or hired worker who provide regular service to the league and/or have repetitive access to, or contact with, players or teams

Any individual with a conviction, guilty plea, no contest plea, or admission of guilty to a crime against or involving a minor may not participate in the Little League program.

On average, leagues can estimate the number of background checks that should be completed by multiplying the total number of teams in the league by six. To assist leagues in completing this requirement, **Little League provides 125 free searches** through an agreement with J.D. Palantire (JDP). Additional searches are available for a nominal cost.

LLU Learn More About Background Checks:

• LittleLeague.org/BackgroundCheckQuestions

Little League International has contracted with JDP Background Screening to provide local leagues and districts with a special web site that allows members to instantly search a criminal records database of more than 450 million criminal records. This site provides searches of available criminal records from various repository sources and state-level sex offender registries. The fee for the first 125 searches per chartered league and district is free to the local league and district as the cost for these searches is being provided by Little League International. Any additional searches above 125 will cost the league or district a minimal fee.

Little League International requires all leagues in the United States to conduct background checks that utilize JDP Background Screening, or another provider that is comparable to JDP in accessing background check records for sex offender registry data and criminal records. Leagues must include a review of the U.S. Center for SafeSport's Centralized Disciplinary Database and Little League International Ineligible List as part of the background check process (JDP includes this additional review as a part of the standard background check.) The JDP National Criminal File database that contains more than 450 million records, including criminal and sex offender registry records covering 50 states and the District of Columbia, and meets the current regulation requirement. Leagues are not required to use the JDP website, but may also use alternate resources. However the alternate resources must equal or exceed the services provided by JDP.

Don't Swing It

...Until You're Up to the Plate!

(Photo from North South, Iowa, Little League)

Don't let this happen to you, or to a teammate.

REMEMBER:

Don't pick up your bat until you leave the dugout, to approach the plate.

RULE 1.08, Notes

"1. The on-deck position is not permitted in Tee Ball, Minor League or Little League (Majors) Division 2. Only the first batter of each half-inning will be allowed outside the dugout between the half-innings in Tee Ball, Minor League or Little League (Majors) Division."

- ✔ Walked field for debris/foreign objects
- ✔ Inspected helmets, bats, catchers' gear
- ✔ Made sure a First Aid kit is available
- ✔ Checked conditions of fences, backstops, bases and warning track
- ✔ Made sure a working telephone is available
- ✔ Held a warm-up drill

Make Sure They Are Safe!

REMEMBER:

Catchers must wear helmets during warm-ups and infield/outfield practice.

RULE 5.17

"...All catchers must wear a mask, 'dangling' type throat protector and catcher's helmet during infield/outfield practice, pitcher warm-up and games."

Lightning Facts and Procedures

Consider the following facts:

- The average lightning stroke is 6-8 miles long.
- The average thunderstorm is 6-10 miles wide and travels about 25 miles an hour.
- On the average, thunder can only be heard over 3-4 miles, depending on humidity, terrain, and other factors. This means that by the time you hear the thunder, you are already in the risk area for lightning strikes.

Rule of Thumb: The ultimate truth about lightning is that it is unpredictable and cannot be prevented. Therefore, a manager or coach who feels threatened should contact the head umpire and recommend stopping play and clearing the field. In our league the umpire makes the decision as to whether play is stopped. Once play is stopped, take the kids to safety until play resumes or game is called.

Where to Go? No place is safe from lightning threat, but some places are safer than others. Constructed buildings are usually the safest. Most people will find shelter in a fully enclosed metal vehicle with the windows rolled up. If you are stranded in an open area, put your feet together, crouch down and put your hands over your ears to prevent eardrum damage.

Where not to go? Avoid high places and open fields, isolated trees, unprotected gazebos, rain or picnic shelters, dugouts, flagpoles, light poles, bleachers, metal fences and water.

First Aid for a Lightning Victim:

- Call 911 immediately.
- Typically, the lightning victim has similar symptoms as that of someone having a heart attack. Consider: will moving cause anymore injury. If the victim is in a high-risk area, determine if movement is necessary. Lightning does strike twice in the same place. If you are not at risk, and moving is a viable option, you should move the victim.
- If the victim is not breathing, start mouth to mouth resuscitation. If it is decided to move the victim, give a few quick breaths prior to moving the victim.
- Determine if the victim has a pulse. If no pulse is detected, start cardiac compressions as well.

NOTE: CPR should only be administered by a person knowledgeable and trained in the technique.

Remember: Safety is everyone's job. Prevention is the key to reducing accidents to a minimum. Report all hazardous conditions to the Safety Officer or another Board Member immediately. Do not play on an unsafe field or with unsafe equipment. Check the teams' equipment prior to each use.

Hydration

*Managers are required to bring water to each practice and game.
Players are encouraged to bring bottled water or sports drinks.*

Tips to Prevent Heat Illness:

- Know that once you are thirsty you are already dehydrated.
- Drink before you become thirsty.
- Drink plenty of liquids like water, or sports drinks every 15 minutes.
- Water seems to be the preferred beverage. Water has many critical functions in the body that are important for performance; they include, carrying oxygen and nutrients to exercising muscles.
- Do not drink beverages with caffeine before practice or games. Caffeine can increase the rate of dehydration.
- Do not exercise vigorously during the hottest time of the day.
- Practice in the morning and during the latter part of the evening.
- Wear light color loose clothes.
- Use sunscreen to prevent sunburn.
- If you begin to feel faint or dizzy, stop your activity and cool off by sitting in the shade, air-conditioned car or use a wet rag to cool you off.

How is it treated?

Emergency medical treatment is necessary. If you think someone has heat stroke, call 911 or a doctor immediately. In the meantime, give first aid as follows:

- Move the person to a shady area.
- Cover the person with a wet sheet and keep the sheet wet for cooling from evaporation.
- Fan the person with paper or an electric fan (preferably not cold air).
- Sponge down the body, especially the head, with cool water.
- Continue giving first aid until the body feels cool to the touch.
- If the person is conscious, let them sip water, fruit juice, or a soft drink.

Submitting Player, Manager and Coach Data

Requirement 14:

Player, Manager, and Coach Information will be submitted through the Little League Data Center at www.littleleague.org

Requirement 15:

We will answer the survey questions in the Little League Data Center.

Concussions

Fifty (50) states and the District of Columbia have enacted laws which address concussions and protect the health and safety of young athletes. Little League Baseball, Incorporated (LLB) has compiled a summary of all currently existing state laws regarding concussions in youth athletics.

Some laws are only applicable to school-sponsored athletics or to activities taking place on school-owned property. Some laws are applicable to all youth sports organizations, whether affiliated or not with a school district. It is strongly recommended that local leagues consult with legal counsel in its jurisdiction to determine the applicability, if any, of state laws to its program regarding concussions.

In keeping with its focus on protecting the health, safety and welfare of children, LLB requires all leagues and teams to comply with all applicable laws and recommends the review of the information and training materials on concussions which are available free of charge on the Centers for Disease Control website.

The image shows a two-page document from the CDC HEADS UP CONCUSSION program. The left page is an "Information Sheet" titled "CONCUSSION Information Sheet" with the HEADS UP CONCUSSION logo. It includes sections for "What is a Concussion?", "How Can I Help Keep My Children or Teens Safe?", and "Talk with your children and teens about concussion." The right page is a survey form titled "Concussions affect each child and teen differently..." with the HEADS UP CONCUSSION logo. It includes sections for "What Are Some More Serious Danger Signs to Look Out For?", "What Should I Do if My Child or Teen Has a Possible Concussion?", and a survey form with checkboxes for "I learned about concussion and talked with my parent or coach about what to do if I have a concussion or other serious brain injury" and "I have read this fact sheet for parents on concussion with my child or teen and talked about what to do if they have a concussion or other serious brain injury." The survey form includes fields for "Athlete Name Printed", "Athlete Signature", "Date", "Parent or Legal Guardian Name Printed", and "Parent or Legal Guardian Signature".

Goodyear Little League Concussion Prevention, Treatment and Management Policy

The Legislature enacted a law which requires youth sports organizations to adopt a policy concerning the prevention and treatment of injuries to the head which may occur during a youth’s participation in competitive sports, including, without limitation, a concussion of the brain.

A concussion is a brain injury that results from a bump, blow or jolt to the head or body which causes the brain to move rapidly in the skull and which disrupts normal brain function. The Centers for Disease Control and Prevention of the United States Department of Health and Human Services estimates that as many as 3.8 million concussions occur each year in the United States which are related to participation in sports and other recreational activities. Athletes who continue to participate in an athletic activity while suffering from a concussion or suffering from the symptoms of an injury to the head are at greater risk for catastrophic injury to the brain or even death. Ensuring that a Little League player who sustains or is suspected of sustaining a concussion or other injury to the head receives appropriate medical care before returning to baseball activity will significantly reduce the child’s risk of sustaining greater injury in the future.

THEREFORE, **Goodyear Little League** hereby adopts the following policy for purposes of prevention, treatment, and management of injuries to the head that may occur during a player’s participation in the Little League program, including, without limitation, a concussion of the brain:

1. Prior to a team’s first practice each season, every Head Coach (and assistants, as they are identified), shall:

a) Familiarize themselves with the CDC publication “Heads Up – Concussion in Youth Sports – A Fact Sheet for Coaches”. This publication will be provided to all such individuals by the League Safety Officer or other Board members; and,

b) Complete the CDC on-line training course at: <https://www.train.org/cdctrain/course/1089818/>

A copy of the Certificate of Completion for each of the above individuals shall be submitted to the League Safety Officer.

2. If a Little League player sustains, or is suspected of sustaining, an injury to the head while participating in any Little League game or event the player must:

a. Be immediately removed from the game or event; and

b. May only return to Little League activity if the parent or legal guardian of the player provides a signed statement from a provider of health care indicating that the youth is medically cleared for Little League participation and the date on which the player may return to participation.

3. The Little League player and his or her parent or legal guardian must sign the statement below acknowledging that they have read and understand the terms and conditions of the policy and agree to be bound by the policy.

**Goodyear Little League Concussion Prevention, Management and Treatment Policy
Player and Parental Acknowledgement**

We, the undersigned, acknowledge that we have been provided with a copy of the Goodyear Little League Concussion Prevention, Management and Treatment Policy, and that we have read and understand the policy, or it has been read to us and we understand the same. We hereby agree to follow all procedures set forth in said Policy at all times during which our son or daughter participates in Little League activities and events.

Safe Sports Act

- “Protecting Young Victims from Sexual Abuse and SafeSport Authorization Act of 2017” became federal law in 2018
- The goal of SafeSport is to protect children from abusive situations by engaging more people in the reporting and education processes
- A volunteer now can be held legally responsible if they have firsthand knowledge and fail to report any type of Child Abuse to the correct parties
- SafeSport covers all types of Child Abuse both physical and psychological
- SafeSport prompted USA Baseball to create Pure Baseball

USA Baseball Pure Baseball Initiative

- Little League International and all local little league programs must adhere to the following requirements from the SafeSport Act:
- Reporting of Abuse involving a minor to the proper authorities
- All volunteers of a local league are now mandated reporters and could face criminal charges if the league chooses to ignore, or not report to the proper authorities, any witnessed act of child abuse, including sexual abuse, within 24 hours.
- Local leagues must be aware of the proper procedures to report any type of abuse in their state. Please reference www.LittleLeague.org/ChildAbuse
- Leagues must adopt a policy that prohibits retaliation for “good faith” reports of child abuse.
- Leagues must adopt a policy that limits one-one-one contact with minors.
- Leagues are highly encouraged to complete the Abuse Awareness training provided by USA Baseball and/or SafeSport.
