# Santa Margarita Little League - 2024 Local Rules

## GENERAL CONDUCT

1. **Manager and coach conduct.** Managers and coaches are expected to adhere to the Santa Margarita Little League (SMLL) Code of Conduct. All managers and coaches will be required to sign a Code of Conduct.
- 1.2. **Player/Parent conduct.** All players and parents will be required to sign a Code of Conduct.

## GAME-DAY PROTOCOL

2. **Practices before games.** If a team has a scheduled practice before another team's game, the practice teams' player, manager/coach, and team equipment should **NOT** be placed in the dugout. Practice teams shall be off the field **60 minutes** prior to a scheduled game to allow field prep and practice time for the teams playing the game, time permitting.
- 2.2. **Field maintenance.** It is the home team's responsibility to rake, water, and chalk/paint the field before the start of the game. Chalked or painted lines should consist of the batter's box, foul lines, runner's lane, and coaches boxes. **NO** chalking or painting of team names, logos, or any other "artwork" is allowed to be done on the field. The visiting team will rake, drag, water, and put away the equipment after the game. It is the division representative's or Board-appointed field manager's responsibility to ensure there is chalk or paint in the storage bins for every game. Team Managers need to notify the appropriate representative when supplies are not available.
- 2.3. **Scorekeepers.** The home team will provide official scorekeepers for the AA, AAA, Majors, and Juniors levels. For applicable divisions, the visiting team will provide an official scorekeeper to keep record of pitch count and operate the scoreboard (on those fields with scoreboards). All scorekeepers are required to attend the Scorekeeper's Clinic put on by the League. They are to assist the umpires and not to assist the manager in any way. The official scorekeepers are to remain impartial at all times and are not to direct any comments toward the field of play either during the game or between innings. The official scorekeepers will be positioned in the scorekeeper's booth behind the backstop. They should not be a spectator in the stands.
- 2.4. **Umpire's equipment.** The home team is responsible for ensuring that the umpire equipment is returned to the storage bins. Each bin will have an indicator, brush, and umpire gear available for use by the designated umpire.
- 2.5. **Pre-game warm-up.** The visiting team will take their field warm-up 25 minutes before the start of the game, the home team 15 minutes before game time. This protocol applies to AA, AAA, Majors, and Juniors only. On Tijeras Creek #3 only, Home team gets bullpen use while Visitor team is taking pre-game. Visitor gets bullpen use while Home team is taking pre-game. If there are two bullpen mounds at a field, each team may only use one of them, at any time. Music can be played by non-league speakers only during pregame.
- 2.6. **Additional Pre-Game.** The Home team is responsible for scorebooks, scoreboard, and team flag (TC2 Majors field) set up.

## **Santa Margarita Little League - 2024 Local Rules**

- 2.7. Post-Game.** It shall be the visiting team manager's responsibility to ensure that score books, pitching logs, team flags, and any equipment is locked up after the last game/practice on any given day unless we are in interleague play, in which the Santa Margarita team is responsible for post-game duties, hopefully with the assistance of the visiting team. Additionally, while games and practices are scheduled such that each team should ordinarily be permitted an hour before game time for their warm-up, the reality is that is not always the case. To provide as much time as possible whenever another game or a practice is scheduled to follow a game or practice, teams which have completed their game/practice shall immediately clear the field and the dugouts after a game or practice is concluded. Any "coach's talk" or other matters should be addressed outside of the field and dugouts to permit waiting teams as much time as possible for their warm-ups.
- 2.8. Spectators.** For the safety of the players and the spectators, anyone who wishes to sit along the foul lines must be at least 20 feet from the players' dugout and no closer to the foul line than the distance from the foul line to the front fence of the player's dugout. Players are not permitted to engage in conversation with people outside of the dugout during the game and vice versa (things like a parent congratulating a player or a player asking a parent to fill a water bottle are ok). Coaches and Spectators cannot play music during the game. League speakers and music are allowed.
- 2.9. Post Season Protests.** If a protest is made in a game during an SMLL postseason game, the UIC (or AUIC if UIC is not available) will be contacted immediately at the time of protest for a final ruling. The UIC and AUIC phone numbers will be posted at the score box. The post season game will not continue until a decision is made on the protest.

## **VOLUNTEER UMPIRE PROGRAM**

### **3. Overview**

- a. The volunteer umpire program is an integral part of fostering a positive and fair environment for players, coaches, and spectators.
- b. Volunteer umpires are entrusted with maintaining the integrity of the game. This includes displaying strong professionalism, enforcing league rules, and promoting sportsmanship, to the best of each umpire's ability. A commitment to fairness and consistency is paramount, ensuring a level playing field for all teams.
- c. An umpire team (Plate and Base) is required at each game (Single A: Second Half of Season Only).

### **3.2. Manager and Team Accountability**

- a. Each Manager, from Rookie through Seniors, is responsible for having themselves, their two (2) Assistant Coaches, and any potential volunteer umpires from their team, attend the District 68 hosted Umpire Mechanics Clinic and the Umpire Rules Clinic. Attendance at these clinics is mandatory. If the Manager and two Assistant Coaches fail to attend the two clinics, this may result in the Manager's suspension for the first game of the season.
- b. Managers play a crucial role in the success of the umpire program. It is of utmost importance that managers exemplify a standard of respect and sportsmanship, particularly in their interactions with volunteer umpires.
- c. The league encourages open communication between umpires and managers, fostering a collaborative atmosphere that benefits everyone.

## **Santa Margarita Little League - 2024 Local Rules**

d. Managers are responsible for ensuring their games have umpires. The Manager of the HOME TEAM is responsible for providing the Plate Umpire while the Manager of the VISITING TEAM is responsible for providing the Base Umpire.

### **3.3. Umpires are not paid**

a. Paying umpires presents a significant challenge due to the financial constraints on our league. SMLL's primary focus is on providing a positive and affordable baseball experience for our young players. Allocating funds to pay umpires would require diverting resources from essential aspects such as equipment and field maintenance. Additionally, obtaining insurance for paid umpires is not feasible within our budget constraints. Prioritizing our volunteer umpiring system allows us to allocate resources where they matter most—directly benefiting player safety and development.

### **3.4. General Guidelines**

- a. AA, AAA, and Majors volunteers are encouraged to umpire games in divisions other than their own (e.g., AA cover AAA, Majors & Juniors; AAA cover AA, Majors & Juniors; Majors cover AA, AAA & Juniors, etc.).
- b. New umpires may start at Single A (2nd half only) and AA divisions and work their way to higher divisions once experience and comfort levels increase.
- c. Umpires are not allowed to sign up for games in their own division until 48 hours before a game (24 hours for Managers / Coaches). Umpires are not allowed to sign up for their own child's games without prior UIC approval.
- d. While Rookie, Farm, and Single A division volunteers are required to umpire, they will be given priority to AA and Single A (2nd half only) games.
- e. While volunteers of players in AAA, Majors, Juniors, and Seniors divisions are allowed to umpire in their child's division, they are not allowed to umpire in a game in which their child is playing. Any exceptions require preapproval from the UIC.
- f. Managers and coaches from AAA and Majors divisions are not allowed to umpire games within their 'bracket' (e.g., American League Managers may not umpire other American League games, etc.).
- g. The UIC and Assistant Umpire in Chief (AUIC) are not allowed to umpire in the same division they are managing or coaching (if applicable).

### **3.5. Youth Umpire Guidelines**

- a. Youth umpires should cover AA games unless experienced and with approval from the league UIC or AUIC and Division Rep.
- b. Youth umpires are not allowed to umpire a game in their own division.
- c. If only youth umpires are on the field, an adult umpire must be designated and function as UIC.

For AA and up, a maximum of 3 non-players (manager/coaches) will be permitted in the dugout or on the field (This is a Little League International rule). For Single A and below, a maximum of 4 non-players (manager/coaches/parents) will be permitted in the dugout. No siblings or other non-players are permitted on the field or in the dugout at any time.

## PLAYER DRAFTS / TEAM FORMATION

4. **Player Division** - A player may never drop below any division that he played in the previous spring year. If a player skips a year of spring play, he may end up wherever he/she is drafted.
- 4.2. **Draft Procedures** - Managers will randomly select their draft order at the beginning of the draft. Each draft (for AA, AAA, and Majors) will be performed in a serpentine format. Draft cards will not leave the draft room, they will remain in the possession of the player agent. Cell phones will not be permitted in the draft room. No player or parent is to be contacted until the player agent has finalized the draft and has given the Managers authorization to do so. Any Manager or assistant coach giving out draft information prior to the player agent giving approval will be subject to suspension of their first game. The placement of draft pick for the Manager and coach's child will follow the current Little League Rule Book rule based on age.
- 4.3. **Majors Draft** - League age 10 players cannot be drafted into Majors. League age 11 players may be drafted into Majors at the discretion of the drafting Managers, however, there are NO requirements to draft league age 11 players into Majors. League age 12 players are required to be drafted into Majors (unless an exemption has been approved by the Board and District 68). All Majors players must have participated in tryouts to be drafted or placed on a Majors team during the season. The draft round for the manager's child/children will be in accordance with the little league operating manual based on age, this is not optional.
- 4.4. **AAA Draft** – League age 8 players (or younger) cannot be drafted/placed into the AAA division. Any league age 11 player that has at least one year of experience in the AA Division must be drafted into the AAA Division, unless deemed as a true safety risk by the Player Agent, Division Rep and President. The draft round for the manager's child/children will be in accordance with the little league operating manual based on age, this is not optional.
- 4.5. **AA Draft** - League age 7 players (or younger) will NOT be permitted to play in the AA division. Any league age 8 player that misses tryouts will automatically be placed into Single A. Managers will not be allowed to select an assistant coach per District. League age 11 players will not be eligible for AA unless deemed as a true safety risk by the Player Agent, Division Rep and President.

## **Santa Margarita Little League - 2024 Local Rules**

- 4.6. Single A Selections** – At the player agents discretion, league age 6 and younger, and league age 9 and older, will not be allowed to play in this division. Players will be evaluated by the lower division player agent and division rep(s). Any league age 8 player that misses tryouts will automatically be placed in Single A. Managers are able to declare one assistant coach prior to evaluations to have those players placed on their team. The lower division player agent will put together the teams and ensure that the talent is equally distributed since Single A is a non-competitive division. Parent requests will be taken into consideration but will not be guaranteed in this division.
- 4.7. Rookie and Farm Selections** - Selections will be created by the lower division player agent. Although parent comments and requests will be taken into consideration there are no guarantees. Once the teams are set/announced there will be no switching of teams.
- 4.8. Trades** - All trades must be finalized at the draft, on draft night. Trades may only take place within the same National/American division unless the players involved are Common Pool Players. Once the draft meeting is adjourned there can be no player trades. All player trades must be player-for-player and consider any age issues.
- 4.9. Replacement “call-up”** - When an approved replacement is required to fill an open position on any Little League (Majors), AAA, or AA team, that replacement will be selected from a list of eligible players, this is not optional. All replacement players meeting the following conditions must be coordinated ONLY through the Player Agent. Eligibility will be determined as follows:
- 4.10.** All league age 9, league age 10, and league age 11 players are subject to being called up to a higher division (unless they are drafted onto a Major Division team). The eligibility of the player will be determined by Section III and Section IV of the Little League regulations and the Local Rules pertaining to the restriction of player eligibility by Division and age.
- 4.11.** All replacement players must be selected within seven (7) calendar days after the Manager has been notified. Once the Manager has become aware that a player is not available due to an injury, move, special circumstances, etc., he must notify the division representative immediately. Failure to do so will result in a seven calendar day suspension of the Manager. No call-ups will be permitted within a month prior to the end of the regular season, except in special circumstances pending Board approval.
- 4.12.** Player selection from a lower division team must be based on the eligibility described above and on an equal rotation among the lower division teams (division immediately below the replacement team). Therefore, each lower division team must have a replacement player selected before a second player is removed from the same team.
- 4.13. Pool Play** - In the event that a Majors, AAA, or AA player will be out temporarily (more than 2 consecutive games) or multiple players will be missing from a single game leaving the team with 9 players for Majors, AAA, AA, and a call-up player is not required, the team missing a player must utilize a “pool-play” replacement player from the same division. A Manager also has the option to request a pool player with 10 players if they desire. The pool players will be selected on a game-by-game basis, from a list of pool players maintained by the player agent. The Player Agent will select four players from each team to become part of the division list. Each pool player called to play must play at least six consecutive outs and will participate in the continuous batting order throughout the game. The assignment of the replacement player will be done by the player agent and would randomize the list and sequentially choose players on a game-by-game basis based on availability. Players play the single game in their current team uniform.

## **Santa Margarita Little League - 2024 Local Rules**

The pool players cannot practice with the team except for pre-game, cannot pitch, catch, or play on the infield, must bat last in the batting order, and cannot play more defensive outs than a regularly rostered player. Lack of Pool Player usage or forfeiting a game due to less than 9 able bodied players will result in disciplinary action by the Executive Committee. Note: Juniors Pool play will be governed by District 68 guidelines.

Any number of strikes can be called on each batter.

If a player advances from 1B to 2B and then 2B to 3B on the same steal attempt they are at risk and are able to be tagged out. If they arrive safely at the next base, the umpire will return runners to the previous base after the play has stopped.
- 9.5. Curveballs** - No Manager shall teach a pitcher to throw a curveball or permit their pitchers to throw them in a game. No curve balls are allowed. If an umpire deems that a curveball is being thrown, there will be a warning to the pitcher and the manager. Additional violations may result in ejection from the game and subsequent suspensions.
- 9.6. Pitching eligibility** - A league age 11 player may only pitch one inning per game ~~during the regular season~~ and the same player cannot pitch in consecutive games. Only one league age 11 player per team is allowed to pitch in one game. ~~League age 11 players are not eligible to pitch in the postseason.~~ A Pitcher who hits 3 batters in one game must be removed from the pitcher's position. The pitcher and Manager of the pitcher will be reminded of the 3 HBP rule by the umpire after the 1<sup>st</sup> and 2<sup>nd</sup> HBP.
- 9.7. Batting** - Teams will bat until three (3) outs are reached, or five (5) runs are scored, whichever comes first, in any inning not played with "Last Inning Rules." The 6th inning of every game is played with "Last Inning Rules." When an inning is played with "Last Inning Rules", each team will bat through the entire lineup or three (3) outs, whichever occurs first, and both teams may bat the same number of players: i.e., if the home team has 11 players on their lineup card and the visiting team has 10 players on their lineup card, both teams may bat a maximum of 11 players. If more than 5 runs are scored due to a ground-rule double or over-the-fence home run in any inning not played using "Last Inning Rules", those runs will count in the score.
- 9.8. One Foot In Batter's Box** - Batters must keep one foot in the batter's box throughout their at-bat, barring eight exceptions provided in the Little League Rule Book guidelines, during regular season and postseason games. If the batter leaves the batter's box or delays play and none of the exceptions apply, the umpire shall warn the batter. After one warning on a batter, the umpire shall call a strike. Any number of strikes can be called on each batter.
- 9.9. Overthrows** - On a batted ball, a runner may advance a maximum of one base beyond the base (including 3rd) they were going to on an overthrown ball in the field of play at which time it becomes a dead ball. - 9.13. Infield Fly Rule** - The infield fly rule does not apply.
- 9.14. Time Limit** - All games will be six innings, time permitting, unless there is a safety issue. Regular season games can end in a tie, if the time limit is reached. Post Season games cannot end in a tie. Drop dead time for regular season AA games is 2:00. After the game has been in progress for about 1 hour and 25 minutes, the plate umpire will declare that the inning will be played using "Last Inning Rules". That will be the final inning of the game, even if that inning finishes quickly, and there is still time before the 2:00 drop dead time. Last inning truly means the last inning. Postseason games can go beyond the 2:00 time limit to finish an inning if the home team is at bat at the drop dead time. Post season play must have a winner.
- 9.15. Last Inning Scoring** - If a last inning starts after 1:25 and the home team does not get their bats in before the 2:00 drop dead, then the score reverts back to the previous inning.
