

MOT Little League families:

RainedOut, the service that we use for texting field closures and announcements, has informed us that beginning Friday, November 1st, they will charge each family \$7.30 annually to receive texts from this service.

Email notifications from RainedOut will continue to be free.

With this news, MOT Little League is now evaluating our texting options.

If you receive a text or email from RainedOut requesting money, do not send a payment.

We will notify you if we make changes to our notification process.
If so, will give you instructions on how to sign up for any new texting system.
