- Football Boosters came back with request for us to pay \$3000.00 deposit to use their concession stand
 - That they would be able to cash and use at any time they felt we broke or used their inventory
 - We countered with a \$500.00 deposit, and they declined

- Due to lack of meeting per our request and not willing to negotiate the football board moved the concession stand outside to the top part of the stadium
 - Pop up tents and tables were used
 - This ended up being a great move
 - The families and fans from away teams gave great feedback on the extended menu we were able to execute
 - The volunteers all stated how we were set up and the amount of room we had made the flow go way better, they were able to see the field and the game, and they enjoyed their time
- Board has the information for the Band Boosters who have a separate concession stand in the stadium
 - Plan to reach out to them in case of bad weather may be option to use their stand or if we need to use their coolers or plugs to keep things warm
