Cheer - Paige

Hopewell competition went great

A lot of great feedback from other schools on Facebook

Looking into having a new venue for future competitions

No air conditioning

Need a bigger space

Parent Questions - Zack Hayward

Are coaches certified for concussion and cardiac protocols?

Rob confirmed that they all are

Questions regarding equipment and how often replaced and reconditioned

Rob provided full detail on shoulder pads and helmets

Do the Youth Coaches coordinate with the High School and Jr High Coaches?

Build the youth program up

To prepare the kids so they are ready when they get to that level

Rob confirmed we have their playbooks

Use more for the Mighty Mite team and that level due to it being harder for Twerps to understand

Need to modify, but try to use the same verbiage

Has the playbook changed with the new coaching staff for High School?

Yes, and we have the most up to date

Zack is from Blackhawk, and they would have Varsity team come to every Thursday practice to work with the youth players

There have been suggestions made in the past for Hopewell Varsity to come to practices to help youth

Rob will bring to Matt again for future

Varsity did help with the 2-day camp before the season started

Motion to close

Richelle and Elizabeth
