COVID-19 ADDENDUM FOR SPRING 2021

SRLL reserves the right to cancel/reschedule games/practices as needed due to COVID.

1. Social Distancing — We ask that family members of each player try and limit attendees for games or practices to two (2) spectators. We will require that masks are worn at all times by those attendees. The Board will work on a schedule to allow adequate time between games, so the players of the first game are able to leave the field before the players of a second game come on. Games will not be scheduled back-to-back as they are under normal circumstances. This schedule will continue to be reviewed and adjusted as necessary.
2. Rules on the Field – No parents in the dugout or on the field. Dugouts will be marked off to facilitate distancing and players will be required to stay apart from one another. Players must wear masks while in the dugout or coaching a base. Mask must be worn whenever a player is not on the field or at bat. No sharing of water bottles or food. No handshaking. No High-fives. No chest bumps. No personal bags on the ground inside the dugout. Baseball bags can be hung behind a player's spot. Players should have their own bat, helmet, glove, batting gloves, and catcher's equipment (if they are a catcher). No equipment sharing. No sunflower seeds, gum, or candy in the dugout or on the field. No spitting. Hand Sanitizer will be available in the dugout. Coaches and players should use it throughout the game. DESIGNATED EXTENDED DUGOUT AREAS ARE CONSIDERED DEAD BALL TERRITORY. If a ball is thrown into these areas, the play shall be declared a dead ball. All runners shall advance one base.
3. Coaches — Coaches must agree that they will be transparent, and forthcoming should they or a member of their family contract the COVID-19 virus, or if they had it and completed the 14-day quarantine period. Coaches must communicate with their commissioner, who will work with the executive board on guidance for possible cancellations or adjustments to schedules. SRLL will require that if they did contract COVID-19, they get a doctor's clearance stating they are Covid-recovered.
- 4 No post game handshakes — Players will instead line up on either baseline and tip their caps to acknowledge a game well-played. SRLL will remind parents, players and coaches to limit hand-to-hand interaction as much as possible.
5. Face Masks/ Coverings — As per Governor Cuomo executive order, any person not wearing a mask/facial covering will be denied access to the field. All players, spectators, Board members, coaches and umpires will wear masks/ face cover at all times when unable to social distance, with exceptions made for certain coaching actions (e.g. throwing batting practice, demonstrating a drill or movement, speaking to a group of players at a distance, etc.). Any parent or player not following these guidelines will be asked to leave and their child removed from the game. No face coverings can be shared.
6. Displaying symptoms or Confirmed infection — if your child is displaying symptoms, SRLL asks that they stay away from the team until either 10 days have passed, and their symptoms have cleared up, or your medical professional has confirmed the symptoms are unrelated to Covid-19. Parent / Household Member — if someone in your household is displaying symptoms, we ask that you do not have the child or the adult attend team events until either; the child has had no symptoms for 10 days, the adult has had no symptoms for 10 days, or your medical provider has confirmed you do not have the illness.
7. Communication — Coaches need to be informed if a player or a parent/household member is displaying symptoms or confirmed infection. We understand a family's need for privacy regarding their health. However, due to the risks posed by the transmission of this illness, SRLL will inform teams involved with that player or a parent/household member of potential exposure. We will not share the name, or personal information, but simply inform the team and parents of the situation so they can monitor their own symptoms.

- h. The automatic out rule is not in effect if a team fields less than a full team.
- i. A bat may not exceed 34 inches in length.
- j. Batting Out Of Turn
 - i. A batter shall be declared out, on appeal, when failing to bat in his/her proper turn and another batter completes a time at bat in place of the proper batter.
 - 1. The proper batter may take a position in the batter's box at any time before the improper batter becomes a runner or is put out, and any balls or strikes shall be counted in the proper batter's time at bat.
 - ii. When an improper batter becomes a runner or is put out, and the defensive team appeals to the umpire before the first pitch to the next batter of either team, or before any play or attempted play, the umpire shall (1) declare the proper batter out; and (2) nullify any advance or score made because of a ball batted by the improper batter or because of the improper batter's advance to first base on a hit, error, a base on balls, a hit batter or otherwise.

I. BASE RUNNING

- a. All base runners must wear a protective helmet at all times.
- b. If in the umpire's opinion a player removes his or her helmet on purpose the umpire shall call a dead ball and the runners will return to the base they occupied prior to the violation. If the batter has not safely reached base at the time of the violation he shall resume his time at bat with the count as it was prior to the violation. The umpire shall immediately issue a warning to the offending team. If a team violates the rule a second time the umpire shall declare a dead ball and the offending runner declared out.
- c. Headfirst sliding is not permitted except when a runner is attempting to return to a base. Violation of this rule will result in the player being called out.
- d. If there is a play on a runner going to a base or home plate, the runner must slide or avoid the fielder. If a runner fails to slide or avoid the fielder and there is a play on the runner, the runner shall be called out.
- e. If a team's catcher is on base with two out, the offensive team must substitute a courtesy runner in order to allow the catcher to don the

- equipment and be ready to play the defensive position. The courtesy runner shall be the player who makes the second out of the inning.
- f. The infield fly rule is in play in Senior League games.
 - g. Two adult base coaches may be utilized Senior League games.
 - h. A coach or spectator may not touch a runner while the ball is in play. If a runner is touched the umpire shall declare a dead ball and the runner who was touched is declared out. All runners shall return to the base they occupied at the time of the violation.
 - i. A defensive player may not bluff receiving a throw in an attempt to induce a base runner to slide. If a player bluffs receiving a throw and there is no play on the runner the umpire shall allow the play to continue. If runner does not stop and all runners are safe the result of the play shall stand. If the runner stops because of the bluff he shall be awarded one extra base. If a base runner is put out during the play the umpire shall declare all base runners safe. All runners will advance one base.
 - j. Overthrows into a dead ball area:
 - i. When the pitcher is standing on the pitcher's plate and throws the ball into a dead ball area, each runner shall be awarded one base.
 - ii. When a fielder throws a ball into a dead ball area, each runner is awarded two bases from the position the runners were in at the time the ball was thrown.
 - iii. When such a wild throw is the first play by an infielder, the umpire, in awarding such bases, shall be governed by the position of the runners at the time the ball was pitched. If there is an intervening play before the first throw, such as a tag play, then the runner shall be awarded two bases from the time of the throw.
 - k. Offensive interference is an act by a member of the team at bat, which interferes with, obstructs, impedes, hinders or confuses any fielder attempting to make a play. If the umpire declares the batter, batter-runner or a runner out for interference, all other runners shall return to the last base that was in the judgment of the umpire, legally touched at the time of the interference.
 - l. A runner shall be declared out when
 - i. Running more than three feet away from a direct line between bases to avoid being tagged, unless such action is to avoid interference with a fielder fielding a batted ball;
 - ii. Touched by a fair ball in fair territory before the ball has touched or passed an infielder. The ball is dead and no runner may score, no runners may advance, except runners forced to advance.
 - 1. If a fair ball goes through, or by an infielder and touches a runner immediately back of said fielder, or touches a runner after being deflected by an infielder, the ball is in

play and the umpire shall not declare the runner out. In making such decision, the umpire must be convinced that the ball passed through or by the infielder and that no other infielder had the chance to make a play on the ball.

- m. Field of Play: A line extending from the second pole of the each dugout parallel with the foul line is the boundary for the field of play at Seton 1. Any ball which crosses the line is out of play and a dead ball. Any ball which rolls down the hill in left field is a dead ball. The umpire shall award the batter and any runner any such base in which in the umpires opinion the batter and/or runner would have safely reached if the ball was in play. These are safety rules to protect our players and spectators.

The batter is declared out and runners may advance at the risk of the ball being caught, or retouch and advance after the ball is touched.
- e. Obstruction is the act of a fielder who, while not in possession of the ball, impedes the progress of any runner. A fake tag is considered obstruction. Obstruction shall be called on a defensive player who blocks the base, baseline or home player from a base runner while not in possession of the ball.
 - i. When obstruction occurs, the umpire shall call or signal obstruction.
 - 1. If a play is being made on the obstructed runner, or if the batter-runner is obstructed before touching first base, the ball is dead and all runners shall advance without liability to be put out, to the bases they would have reached, in the umpire's judgment, if there was no obstruction. The obstructed runner shall be awarded at least one base beyond the base last legally touched by such runner,

- before the obstruction. Any preceding runners forced to advance by the award of bases as the penalty for obstruction shall advance without liability to be put out.
2. If no play is being made on the obstructed runner, the play shall proceed until no further action is possible. The umpire shall then call time and impose such penalties if any, as in that umpire's judgment will nullify the act of obstruction.

2021 Regular Season Pitching Rules – Baseball

VI - PITCHERS

- (a) Any player on a regular season team may pitch. (**NOTE:** There is no limit to the number of pitchers a team may use in a game.)
- (b) A pitcher once removed from the mound cannot return as a pitcher. **Junior, Senior, and Big League Divisions only:** A pitcher remaining in the game, but moving to a different position, can return as a pitcher anytime in the remainder of the game, but only once per game.
- (c) The manager must remove the pitcher when said pitcher reaches the limit for his/her age group as noted below, but the pitcher may remain in the game at another position:
League Age

17-18 105 pitches per day
13-16 95 pitches per day
11-12 85 pitches per day
9-10 75 pitches per day
7-8 50 pitches per day

Exception: Exception: If a pitcher reaches the limit imposed in Regulation VI (c) for his/her league age while facing a batter, the pitcher may continue to pitch until any one of the following conditions occurs: 1. That batter reaches base; 2. That batter is put out; 3. The third out is made to complete the half-inning. **Note 1: A pitcher who delivers 41 or more pitches in a game cannot play the position of catcher for the remainder of that day.**

- (d) Pitchers league age 14 and under must adhere to the following rest requirements:

- If a player pitches 66 or more pitches in a day, four (4) calendar days of rest must be observed.
- If a player pitches 51 - 65 pitches in a day, three (3) calendar days of rest must be observed.
- If a player pitches 36 - 50 pitches in a day, two (2) calendar days of rest must be observed.
- If a player pitches 21 - 35 pitches in a day, one (1) calendar days of rest must be observed.
- If a player pitches 1-20 pitches in a day, no (0) calendar day of rest is required.

Pitchers league age 15-18 must adhere to the following rest requirements:

- If a player pitches 76 or more pitches in a day, four (4) calendar days of rest must be observed.
- If a player pitches 61 - 75 pitches in a day, three (3) calendar days of rest must be observed.
- If a player pitches 46 - 60 pitches in a day, two (2) calendar days of rest must be observed.
- If a player pitches 31 - 45 pitches in a day, one (1) calendar days of rest must be observed.
- If a player pitches 1-30 pitches in a day, no (0) calendar day of rest is required.

(e) Each league must designate the scorekeeper or another game official as the official pitch count recorder.

(f) The pitch count recorder must provide the current pitch count for any pitcher when requested by either manager or any umpire. However, the manager is responsible for knowing when his/her pitcher must be removed.

(g) The official pitch count recorder should inform the umpire-in-chief when a pitcher has delivered his/her maximum limit of pitches for the game, as noted in Regulation VI (c). The umpire-in-chief will inform the pitcher's manager that the pitcher must be removed in accordance with Regulation VI (c). However, the failure by the pitch count recorder to notify the umpire-in-chief, and/or the failure of the umpire-in-chief to notify the manager, does not relieve the manager of his/her responsibility to remove a pitcher when that pitcher is no longer eligible.

(h) Violation of any section of this regulation can result in protest of the game in which it occurs. Protest shall be made in accordance with Playing Rule 4.19.

(j) A player who has attained the league age of twelve (12) is not eligible to pitch in the Minor League. (See Regulation V – Selection of Players)

(k) A player may not pitch in more than one game in a day. (Exception: In the Big League Division, a player may be used as a pitcher in up to two games in a day.)

NOTES:

1. The withdrawal of an ineligible pitcher after that pitcher is announced, or after a warm-up pitch is delivered, but before that player has pitched a ball to a batter, shall not be considered a violation. Little League officials are urged to take precautions to prevent protests. When a protest situation is imminent, the potential offender should be notified immediately.
2. Pitches delivered in games declared "Regulation Tie Games" or "Suspended Games" shall be charged against pitcher's eligibility.

3. In suspended games resumed on another day, the pitchers of record at the time the game was halted may continue to pitch to the extent of their eligibility for that day, provided said pitcher has observed the required days of rest.

Example 1: A league age 12 pitcher delivers 70 pitches in a game on Monday when the game is suspended. The game resumes on the following Thursday. The pitcher is not eligible to pitch in the resumption of the game because he/she has not observed the required days of rest.

Example 2: A league age 12 pitcher delivers 70 pitches in a game on Monday when the game is suspended. The game resumes on Saturday. The pitcher is eligible to pitch up to 85 more pitches in the resumption of the game because he/she has observed the required days of rest.

Example 3: A league age 12 pitcher delivers 70 pitches in a game on Monday when the game is suspended. The game resumes two weeks later. The pitcher is eligible to pitch up to 85 more pitches in the resumption of the game, provided he/she is eligible based on his/her pitching record during the previous four days.

Note: The use of this regulation negates the concept of the “calendar week” with regard to pitching eligibility.

Note 1: A pitcher who delivers 41 or more pitches in a game cannot play the position of catcher for the remainder of that day.

Note 2: A player is prohibited from pitching in more than (1) one game in a day if they exceed 30 pitches in the first game

Note 3: A catcher who has caught 4 or more innings cannot Pitch that calendar day
