

LHYSL COVID-19 POLICIES AND PROCEDURES

The LHYSL understands that risk of exposure to communicable diseases can not be 100% eliminated and has compiled the following guidelines and protocols to maximize the safety of all participants, spectators, and staff. These protocols are obtained from an extensive network of sources to represent what LHYSL believes are “Best Practices” set forth by health, safety, and government agencies. LHYSL primarily uses guidance from the Licking Heights School district, The Center of Disease Control (CDC) and the Ohio Department of Health.

The “Responsible Restart Ohio” document for youth, collegiate, amateur, club and professional sports can be viewed at the Ohio Coronavirus webpage. A short summary of requirements is listed below. This list is not all-encompassing. Please review this document so you are aware of all requirements.

- All participants coming to our facilities must continue to conduct daily symptom assessments and stay home if not feeling well. It is up to the parents to monitor their child for symptoms before bringing them to practice or game. If your child is not feeling well, do not bring them!!
- Players (School Age and older), coaches, volunteers, spectators and officials are not required to wear face coverings when outside but are strongly recommended. Temperature monitoring can be conducted as needed.
- Family members / spectators should sit together, socially distanced from other individuals/family groups. 6 foot social distancing between other groups is recommended. Areas may be marked at the facility to identify allowable seating/standing areas. Please adhere to these markings and rules. The LHYSL reserves the right to limit or eliminate spectators at any LHYSL event or practice.
- Limit congregating before and after games, duals, or events.
- Please notify your LHYSL Coach if any player or family member tests positive for COVID-19 and work with the School District and CDC guidelines to determine contact tracing so we can notify anyone who may have had contact with that individual. We will follow the proper quarantine protocols.
- If your child is asked to quarantine and/or is in contact tracing protocol please notify your LHYSL Coach and please refrain from participating in practices/games until time requirements are met in order to return. Being in quarantine restricts from participating in any type of practice or game!
- If you have any questions about the LHYSL policy, feel there is a violation of the policy, or have a possible exposure please email the LHYSL Board at lhys.hornets@gmail.com

The LHYSL Board is closely monitoring the state of COVID-19 in both Franklin and Licking Counties. We are constantly in contact with the Licking Heights School District and local health officials. This will continue to be an evolving situation. When and as the school district issues new orders or modifies current orders, the LHYSL Board will act on those orders by revising its COVID-19 Policy. Updates will be posted on our website at www.lhysl.org and our facebook page [facebook.com/LHYSLHornets](https://www.facebook.com/LHYSLHornets).
