- 3) Make-up games for Tee Ball Division teams shall be played if fieldtime is available as determined collectively by the managers and the Commissioner.

ARTICLE VI - SELECTION OF REGULAR SEASON PLAYERS

SECTION A: EVALUATIONS (Player-Pitch Minor League and Major League Divisions of Baseball & Softball):

Players League Ages 8-16, who are not already assigned to a team, must participate in evaluations for placement on a team in the Minors Player-Pitch or above. Evaluations of new eligible regular season player candidates and returning regular season candidates who are entering a new division from their previous year's play due to their League Age shall be deemed mandatory.

Candidates failing to attend at least one of the evaluation sessions shall lose the status of a candidate, unless such candidate presents an excuse which is accepted by a majority of the Board of Directors of the Local League. Players League Age 10 will only be considered for a Majors Division team if players are needed to balance teams at that level. Players League Age 8 will only be considered for a Minors Player-Pitch team if players are needed to balance teams at that level.

Players will be selected to "play up", if needed, based on their total average evaluation score, beginning with the highest scoring players.

SECTION B: DRAFT (Minors Player-Pitch {with waiver yearly from LL, Int.}, Majors, Intermediate, and Junior/Senior Baseball/Softball divisions)

1. After the completion of evaluations, Little League International's Draft Plan A will be utilized. Eligible players will return to their team from the previous year. Teams will then fill the remaining roster spots from new division candidates. Teams will select in reverse order of standings from the previous season. The draft order for each round will remain the same. For instance, the fourth place manager selects the first player in each round and so on. The process will repeat until all players eligible have been selected.
2. The "Brother/Sister Option"
 - a. is available when there are two or more siblings eligible to be drafted.
After the first sibling is drafted, the manager of that team automatically has the option to draft the brother or sister of that player on the team's next turn in the draft. If the manager does not exercise the Brother/Sister Option on the next turn, the sibling becomes available to be drafted by any other team.
3. The Brother/Sister Option of a Player Currently on a team.
 - a. When this option comes into play, a manager may submit an option on the brother or sister of the player that is currently on his/her team. If a manager is interested in exercising this option, it must be submitted in writing to the Player Agent at least 48 hours before the draft begins. Once the draft begins, the manager must exercise this option within the first three draft rounds. If the manager does not draft the sibling within the first three rounds, the sibling becomes available to be drafted by any other team.
4. Sons/Daughters of Managers
 - a. When the manager of the team has a son or daughter eligible to be drafted, he/she may use the "Sons/Daughters of Managers" option to draft his/her child to the team. This option must be submitted to the Player Agent at least 48 hours before the draft begins. This option always takes priority over the other 3 options. The manager must exercise this option during the first THREE rounds (LL allows for this in the first 3 rounds we shortened) Failure to exercise the option in or before the specified round results in the son/daughter becoming eligible to be drafted by any other team.
5. Sons/Daughters of Returning Coaches
 - a. If a league is using Draft Method 'A', it may be possible for a returning coach to

exercise an option through the team's manager. Since new coaches to the team cannot be appointed nor approved until after the draft, the option is only available to coaches returning to the team, provided the following two criteria are met by the returning coach:

- b. The coach has served as a coach or manager at any level for the past TWO years, AND
 - c. The coach is returning to the same major league team as last year
 - d. If BOTH of the conditions listed above apply, the manager must submit this option to the Player Agent at least 48 hours before the draft begins. Just like the Sons/Daughters of Managers Option, the Sons/Daughters of Returning Coaches Option must be exercised before the second round. Failure to exercise the option in or before the specified round results in the son/daughter becoming eligible to be drafted by any other team.
6. Any paperwork regarding player evaluations, or the draft selection process, is CONFIDENTIAL. Only the people directly involved in this process will have access to this material. It is NOT to be shared with anyone. Failure to adhere to such confidentiality will be considered a breach of the LLL Code of Conduct.
 7. Draft position trading is not allowed.
 8. In the event of expansion, the added team will have the number of picks equal to the number of players on the team with the least number of returning players from the previous season, with a maximum of four. The expansion team will have the first pick(s) when the draft begins, and the last pick each round once they reach the number of players of the lowest returning teams players.
 9. In the event more than one new team joins the league in the same year, the added team's managers will draw from a hat to determine which team will choose first, then they shall alternate, one-for-one, in selecting players before the first round.
 10. The respective Player Agent shall be the final authority in settling questions concerning the roster of new teams.
 11. If one or more teams are dropped, the players for those teams shall become part of the player draft pool to be selected prior to any new incoming players to said division.
 12. Parents of players who become managers or coaches after their children have been selected to a "different" team may not automatically claim their sons or daughters, but may trade for them at the proper time.
 13. Sons/Daughters of Coaches:
 - a. A NEW coach shall not be appointed nor approved until after the draft to avoid "red-shirting" of players through selective coaching appointments. A returning coach, through the manager, may exercise an option in writing to the respective Player agent, provided:
 - a. The coach has served as a manager or coach in the league (at any level) for the past 2 years AND
 - b. The coach is returning to the same team as last year. IMPORTANT: In order for a manager to exercise this option, the coach must qualify under BOTH of these conditions.
 - c. Any player currently assigned to a team at the Player-Pitch Minors, Majors, Intermediates or Junior/Senior level that wishes to be removed from their present team must submit their request in writing to the

President and respective Player Agent at least one week prior to the draft. The Board of Directors shall have final determination as to whether that player will be allowed to be removed from their current team and entered into the draft.

14. Player Trades – Following the draft, managers may, if they desire, trade players until up to one week prior to the first scheduled regular season game. If done prior to new players being contacted. New players may be traded with managers and Player Agent approval. All trades must be made through the Player Agent with justifiable youth centered reasons and must be approved by the Player Agent, President, managers from both teams AND the player’s parent/guardian (if done after players are contacted). Trades shall all be on a one-for-one player basis.
- 15.

SECTION C: DRAFT (Tee Ball and Minors Coach Pitch) Baseball Softball Divisions)

The respective player agent (or designee) will assign players for Coach Pitch and Tee Ball for both baseball and softball.

Children of a team manager will be assigned to their respective team. Siblings shall be assigned to the same team if no draft is in place.

SECTION D: PLAYER NOTIFICATION

Regular season player candidates selected to teams, for the Major League Baseball/Softball and Minor League Baseball/Softball Divisions, shall be notified within twenty-four (24) hours by their team managers.

ARTICLE VII - TOURNAMENT (ALL-STARS) PLAY

SECTION A: TEAMS AND ELIGIBILITY

1. Ledyard Little League’s intent is to offer the tournament play experience to as many players as possible. To achieve this, LLL will enter a Little League Tournament (All-Stars) Team at each level of play available based on the regular season teams for that year. If there are not enough eligible and available players to form a team at any given level(s), the League will make every effort to combine with another local town for that division(s) of play. If it is impossible to combine with another local town, then the League reserves the right to not enter a tournament team for that division(s).
2. Ledyard Little League may enter teams in other local Little League tournaments as available. Such teams will be selected under the same conditions outlined in Article VI, Sections B and C. In the event that one of these tournaments follow different age/eligibility guidelines, the tournament team will be selected based on that specific tournament’s rules.
3. All tournament teams must be approved by the LLL Board of Directors.
4. Any LLL players placed on a tournament team outside of a LLL team must be solely with the approval of the President and respective Player Agent and Director.

5. Managers, coaches, and players must have been registered for the regular season in order to be eligible. Players must have met all eligibility requirements outlined in the Little League rulebook in order to be considered.
6. SECTION B: TOURNAMENT MANAGER/ASSISTANT COACH SELECTION

1. All regular season baseball and softball managers and/or their two official assistant coaches in good standing are eligible to manage or coach a tournament team in their division or below. They must notify the LLL President in writing of their interest in managing and/or coaching a tournament team by a date determined by the LLL Board of Directors. All interested managers/assistant coaches must coach within their respective age division and sport from that year's regular season unless there are no other available managers/coaches at a division of play they are eligible for under LLI's guidelines. The exception will be for player-pitch minors and majors baseball managers/assistant coaches interested in managing/coaching the 9/10/11YO baseball tournament team. Team managers and assistant coaches from both divisions will be eligible for consideration to that tournament team.
2. As a condition of eligibility for selection as a tournament team manager/coach, the regular season manager/coach must have also completed the Little League Diamond Leader Training Program (LittleLeague.org/DiamondLeader). This program must be completed prior to the individual being named a tournament team manager/coach and before participating in any practices or games. Tournament Team managers/coaches who have completed the program should be prepared to produce the Little League Diamond Leader completion certificate if requested by the District Administrator/Tournament Director.
3. The President and the Director of Baseball or Softball will recommend Tournament Managers from the pool of interested parties, which must be approved by a majority vote of the Board of Directors.

That manager will select two (2) assistant coaches from that list, at least one of which should be from a different regular season team than the one they served on (provided there was more than one team in that division during regular season). These selections must be approved by a majority of the LLL Board of Directors.

SECTION C: SELECTIONS OF TOURNAMENT TEAMS

2. Each regular season Manager from baseball and softball divisions where a tournament team will be entered will rank their team members who have signed the Tournament Contract based on their observations throughout the season, as well as the input from their assistant coaches. These rankings should include not only player stats, but their efforts in all areas, as well. Final list rankings will be provided to the respective Player Agent, Director of Baseball/Softball, President and that division's approved tournament team manager by a date announced by the LLL Board of Directors.
3. The approved Tournament Manager, in conjunction with the Director of Baseball/Softball and the respective Player Agent, will select their tournament team by utilizing the regular season team managers' list rankings within their division of play as a tool to help them select a well-rounded team.
