What does Little League mean to you?
Little League is such an awesome developmental stepping stone for the sport and more importantly, life. Experiencing this within the community- building connections, friendships and playing a sport we all love. Doesn't get much better than that!

What do you hope players remember from this season?
The love of the game- it'll take you far.

What's one thing kids learn from sports beyond the game?
SO many things- confidence, resilience, adjustment, team work, effort, a positive attitude. Everything this game teaches you translates to something far more important- life & how to be a good person.

COACHES CORNER

This Week's Focus: Finishing Strong & Celebrating Growth

TIP FOR COACHES: As we wrap up the season, our focus this week is finishing strong and celebrating how far we've come. Every player has grown—on the field and as a teammate—and that's something to be proud of.

Thank you players for your hard work and great attitudes, and thank you families for your support all season long. Let's enjoy this final stretch and make some great memories!

FAST TIP: End the season strong by having players encourage one teammate each inning—high fives, kind words, or cheers. It builds confidence, teamwork, and leaves everyone smiling, win or lose.
