### What does Little League mean to you?

To me, Little League means community. It's not only an opportunity for kids to learn and grow as players, but also to be part of something bigger. Little League is family, it's something we can experience together as a family, and it's also where lasting friendships are formed. Some of our best friends have come from our time in Little League.

### What do you hope players remember from this season?

I hope they take away a love for the game, an appreciation for being part of their community, and the friendships they've built along the way.

### What's one thing kids learn from sports beyond the game?

They learn how to be part of a team—how to work together, be a good friend, and build confidence, leadership, and discipline both on and off the field.

Sat (PM)	CLOSED

## COACHES CORNER

### This Week's Focus: Building Skills in the Off Season

**TIP FOR COACHES:** Great job to all our players, families, and coaches for an incredible season!

As we head into the offseason, keep the love of the game going—play catch, practice fundamentals, and most importantly, have fun. A little time spent working on skills now goes a long way next season.

Enjoy the break, stay active, and we can't wait to see everyone back on the field next year!

**FAST TIP:** Keep it simple this offseason—play catch regularly! Just 10–15 minutes a few days a week helps build arm strength, accuracy, and confidence for next season.
