## How will your sponsorship help Rincon Little League?

- The Little League philosophy does not permit any eligible candidate to be turned away. That means we cannot make our player registration fees a requirement for playing. To offset these costs, we turn to supporting local businesses like you for sponsorships. Your sponsorship help us purchase uniforms, equipment, and field fees for some struggling families.
- In addition, we would like to renovate and update our concession stand. Our current concession stand lacks the required amenities to offer any cooked food items on the menu. A new concession stand would provide our community with varying meal option, help cover the administrative costs and future capital expenses, and also support our struggling families.
