

Washington Wilke Little League Tryouts!

February 24, 2017

Ashley Park

Mandatory for all girls and boys 6 years and OLDER!

All children 5 and under DO NOT need to attend

The tryout does NOT affect if your child gets to play, it will be used to help determine if they are in the correct age division. The rules allow some flexibility on division of play based on skill level. The goal of Little League is to get each child in a position to learn and grow, so having them in correct age division for their skill level is very important.

A child playing in an age division too young will become bored and a child playing with children well above his given abilities will become frustrated and often quit. The other fact is both of these present some safety issues as well. The board of directors will make a recommendation to any parent that the board and respective coaches think a child needs to be moved up or down, and the parent will have the final say but must sign a waiver if they wish to move one up. Please be present 30 minutes before your age group and warm your child up properly.

To all persons wishing to be team Managers: We will hold coaches meeting after your age group is finished and divide the players into teams, so do not leave. We will also hold first aid and coaches training that is mandatory for all Managers. We encourage all coaches to attend all try outs and help us keep the kids organized and moving forward.
