Coaches Code of Ethics

- I will create and ensure a safe, healthy, positive environment for the players at all times.
- I will learn the game of soccer and be a good teacher of the game. I will learn the Laws of the Game and teach my players the laws.
- I will instruct safe and proper play during practices and games. I will do so in a fun learning environment.
- I will acknowledge that winning is a result of hard work that the team accomplishes together. I will help my players appreciate winning in a respectful manner and help my players find positives in losing.
- I will teach my players, parents and families that good sportsmanship supersedes winning. I will be a good example in good sportsmanship, at all times, in winning and losing.
- I will acknowledge that each player has different skill levels and develop at different paces. I will strive to help EVERY player become better.
- I will make sure that every player gets equitable playing time during games.
- I will respect my players, my opponents, the opposing coaches, the referees, the spectators and the game of soccer. I will teach my players to do the same.
- I will never engage in confrontational and disrespectful conversations with any other coach, parent, referee or PYSA Trustee.
- I will maintain the highest level of integrity, as I am the role model for young people. I will never bend the rules.
- I will remember at all times that the game is more important than any individual or team.
