Mission Of Middle School Football

The mission of Maplewood football is dedicated to teaching the youth of our community the fundamentals and proper techniques of tackle football. Our emphasis is on developing physical fitness, sportsmanship, teamwork, and leadership skills in a positive and safe environment.

In Middle School Football, the primary objective is not to win at all costs. Each grade level have a number of outstanding players and a number of weaker players. As Coaches we are committed to make sure all players have an assigned position with the expectation that each player will have a fair opportunity to play 25% of the game. If players give maximum effort, have an excellent attitude and are willing to trust and be coached they will not only get meaningful playing minutes but also an enjoyable experience.

Date ranges for Physicals for Fall 2025 football season:

- **Physical dated April 2025 or later** - submit the physical paperwork to Maplewood office
- **Physical dated April 2024 to March 2025**- submit Alternate Year card if you submitted Physical the prior year. (If never previously submitted the physical, then submit BOTH Physical paperwork and Alternate Year card)
- **Physical dated March 2024 or earlier** - then need to get a new physical with doctor.
