Registration is open NOW until September 1st

Register NOW and pay the \$40 Registration Fee LATER*

**Due to the recent events and uncertainty that COVID-19 has brought, the registration system has been "tricked" and will allow parents to register their children now and pay at a later date, once we are more certain about what our season will look like. We have setup the registration as a two-step process. The first step requires you to register your child (NOW!). Step two: at a later date, when we know more that there will be a season, we will go into the system and "accept" your child. You will then have a short period of time to re-enter the system and pay the fee. No child can participate in Cheering until their fee is paid.*

Registrations are being accepted for the following Wanaque Cheer Programs:

-  Football Clinic Cheerleading for Grades K – 2nd
-  Football Cheerleading for Grades 3rd – 8th

As guidelines are released following the recommendations of the CDC, we will communicate to you information regarding practice schedules, mandatory field cheer clothing and optional spirit wear. We are hopeful to begin practicing during the last two weeks of August. We will know more as information becomes available!

★ JR. LANCERS COMPETITION CHEER ★
