

# ALAMEDA LITTLE LEAGUE FIELD PROCEDURES

## MAJOR & MINOR FIELDS - NO CARTS ON FIELDS

Home team always prepares field. **USE BREAKAWAY BASES. ALWAYS REPLACE PLUGS!**

1. Water field first to prevent flying dirt and dust. **Do not force coupler!**
2. Drag field with 6' broom sharp triangle backside. Rake as needed.
3. Re-drag field with broom side.
4. Line batter's box assuring that box is 3 feet forward from center of plate, and 3 feet back from center of plate, 4" off plate (6' X 3') Do not assume that the base line should meet the box in the corner because they are not intended to.
5. If you make a runner's lane, make sure that it is 2 1/2' from base line, starting 30' from plate and going to the base.
6. Coach boxes are 8' X 4', 6' from base. The 8' line is parallel to the base line.

Visiting team shall put all equipment away in the container **NEAR THE DUGOUTS.**

1. Weekdays & last game on weekends: field must be dragged after game. **Always smooth & water batter's box and pitching plate area.**
2. Hoses must be hung in the appropriate place, not left in the carts or anywhere else.
3. Rakes must be stored on racks provided.
4. Chalkers must be placed in boxes behind dugouts. Close bags tightly!
5. Bases must be placed in boxes behind dugouts.
6. Visiting team responsible for all equipment being returned to appropriate place.
